I am pleased to present the 2023-24 Recommended Budget for Board consideration during the Public Hearing scheduled for this purpose.

The budget process in Mono County was different in 2023-24, based on changes in leadership, and the opportunity to engage in budget discussions over a few months, rather than the traditional 2-3 days of budget hearings. Some of the highlights of this process include:

- The adoption of guidelines for the use of one-time funds in April.
  - Budget workshops in May, during which the Board gave staff direction on the use of current one-time funds. Some of the direction resulted in budget adjustments for FY 2022-23. Other items were included in the preliminary budget, adopted in June, and others are included as part of the 2023-24 Recommended Budget. Additional items are included as policy items for Board direction during the 2023-24 budget hearings.
  - Department Heads have been providing department overviews to the Board during regular Board meetings since May.
  - The Board adopted a preliminary budget in June, to ensure appropriations in place to begin the fiscal year.
  - The Recommended Budget was published on July 31, 10 days prior to the August 10 budget hearing.

The budget hearings on August 10 is comprised of 2 documents, the recommended budget, available [here](#), and the attached supplemental requests. The supplemental requests are items that came to attention of staff after the budget system was closed, so that we could meet the publication deadline. Including these as supplementals at this point reduce the need for budget adjustments in the future. These items will be

reviewed and will be included in the final budget for adoption if Board consensus is to do so.

As part of the Recommended Budget, there is a list of Policy Items for Board consideration. The recommended budget reflects the current level of service, and the Policy Items are new positions or requests for financial support that are not currently being provided. The Board will discuss each individual item and provide staff with a consensus about which items should be included in the final budget presented for adoption.

**RE: Supplemental Budget Request for the Multi-Jurisdictional Hazard Mitigation Plan Grant**

The Community Development Department has been working with the California Office of Emergency Services (CalOES) for funding from the Federal Emergency Management Agency (FEMA) to update the Multi-Jurisdictional Hazard Mitigation Plan (MJHMP) that covers the Town of Mammoth Lakes and Mono County. The MJHMP is current and expires in 2024.

Grant funding in the amount of \$179,982 was recently awarded. The project requires a 10% match of \$19,980 for a total project cost of \$199,980. Staff attended a grant meeting with CalOES on July 24, 2023. The Community Development Department is requesting half of the project cost be programmed in FY 23-24 to enable initiation of the project.

Wendy Sugimura is out of the office the week of the budget hearings; please contact Acting Director Brent Calloway (760-924-1805, [bcalloway@mono.ca.gov](mailto:bcalloway@mono.ca.gov)) with any questions.

# County of Mono EMS Department

**Bryan Bullock**  
Chief of Mono County EMS

**Date: 8/4/2023**

**Subject: EMS Allocation Change Request**

**Description:** The EMS Department has had a recent resignation of a full-time EMT which has created an open EMT position. There is currently not a posting for a full-time EMT, but we have had a continuous job posting for a full-time Paramedic. Of which we have 4 applications for. The Department has been trending towards Paramedic staffing of ambulances for a few reasons:

1. A paramedic/paramedic crew on an ambulance provides the highest level of care for the patients they see. When 2 paramedics can provide ALS (Advanced Life Support) care to a patient simultaneously, that provides the patient with the best possible outcome. With a paramedic/EMT crew, only the paramedic can provide ALS care, and there are many times that patients need multiple treatments within a short amount of time, that an EMT cannot provide because of their limited training.
2. It allows for the two paramedics to split up and provide ALS care to multiple patients, that it not possible with a paramedic/EMT crew. An EMT is trained to render BLS (Basic Life Support) only, which drastically limits the type of care a patient receives.
3. If a paramedic who has an EMT as a partner takes PTO or needs to take sick time, another paramedic must fill that open spot. We are not allowed to have an EMT/EMT crew on an ambulance.
4. In the last MOU, the County removed 3 of the 5 steps in the EMT matrix. This does not give any incentive for an EMT to work full-time with this Department. EMTs within our Department are the only County employees who do not have a 5-step matrix. Suggesting that the County's intention is to eliminate the position through attrition.

With the 4 paramedic applicants we currently have, I would like to interview/test for not only the open paramedic position that will occur at the end of October secondary to a retirement, but also fill this requested allocation change position as well. That will give us the option to immediately fill the two open positions once they become available and eliminate the need to fill those open positions with overtime.

Thank you,

This supplemental request is to ensure appropriations for the purchase of radios as part of the California Radio Interoperable System (CRIS). This includes federal funding for \$3 million, plus a \$145,000 General Fund contribution for the County's share of costs that exceed the federal funding for the purchase of radios.

This was inadvertently left out of the recommended budget.

# ABOUT MONO COUNTY

Established in 1861 by an act of the California Legislature, Mono County is the gem of the Eastern Sierra. Rich in history, natural beauty and outstanding of natural resources, it is a destination for visitors from around the world. The County's 2020 population is approximately 13,200, with more than 50% of its residents living within the incorporated Town of Mammoth Lakes.

Mono County is the traditional homeland of Native American tribes, including the Bridgeport Indian Colony, Mono Lake Kutzadika'a Tribe, Utu Utu Gwaitu Tribe (Benton Paiute) and others. Their sovereignty, cultural heritage and stewardship are an important part of the County's past, present and future.

Aurora was established as the Mono County seat in 1861. However, an 1863 state boundary survey determined that Aurora was located in the State of Nevada! Accordingly, the county seat was moved to Bridgeport in 1864, where the historic courthouse was built in 1880. At 6,463 feet above sea level, not only is Bridgeport the single highest county seat in California, but it is also one of California's few county seats not located within an incorporated city.

# GOVERNANCE

Mono County is governed by five elected County Supervisors who serve as the County's legislative and executive body, providing policy direction for all branches of Mono County government. The Board of Supervisors hires a County Administrative Officer and County Counsel who, in turn, assemble an executive team of Department Directors to manage day-to-day County activities and discharge federal, state and local mandates.

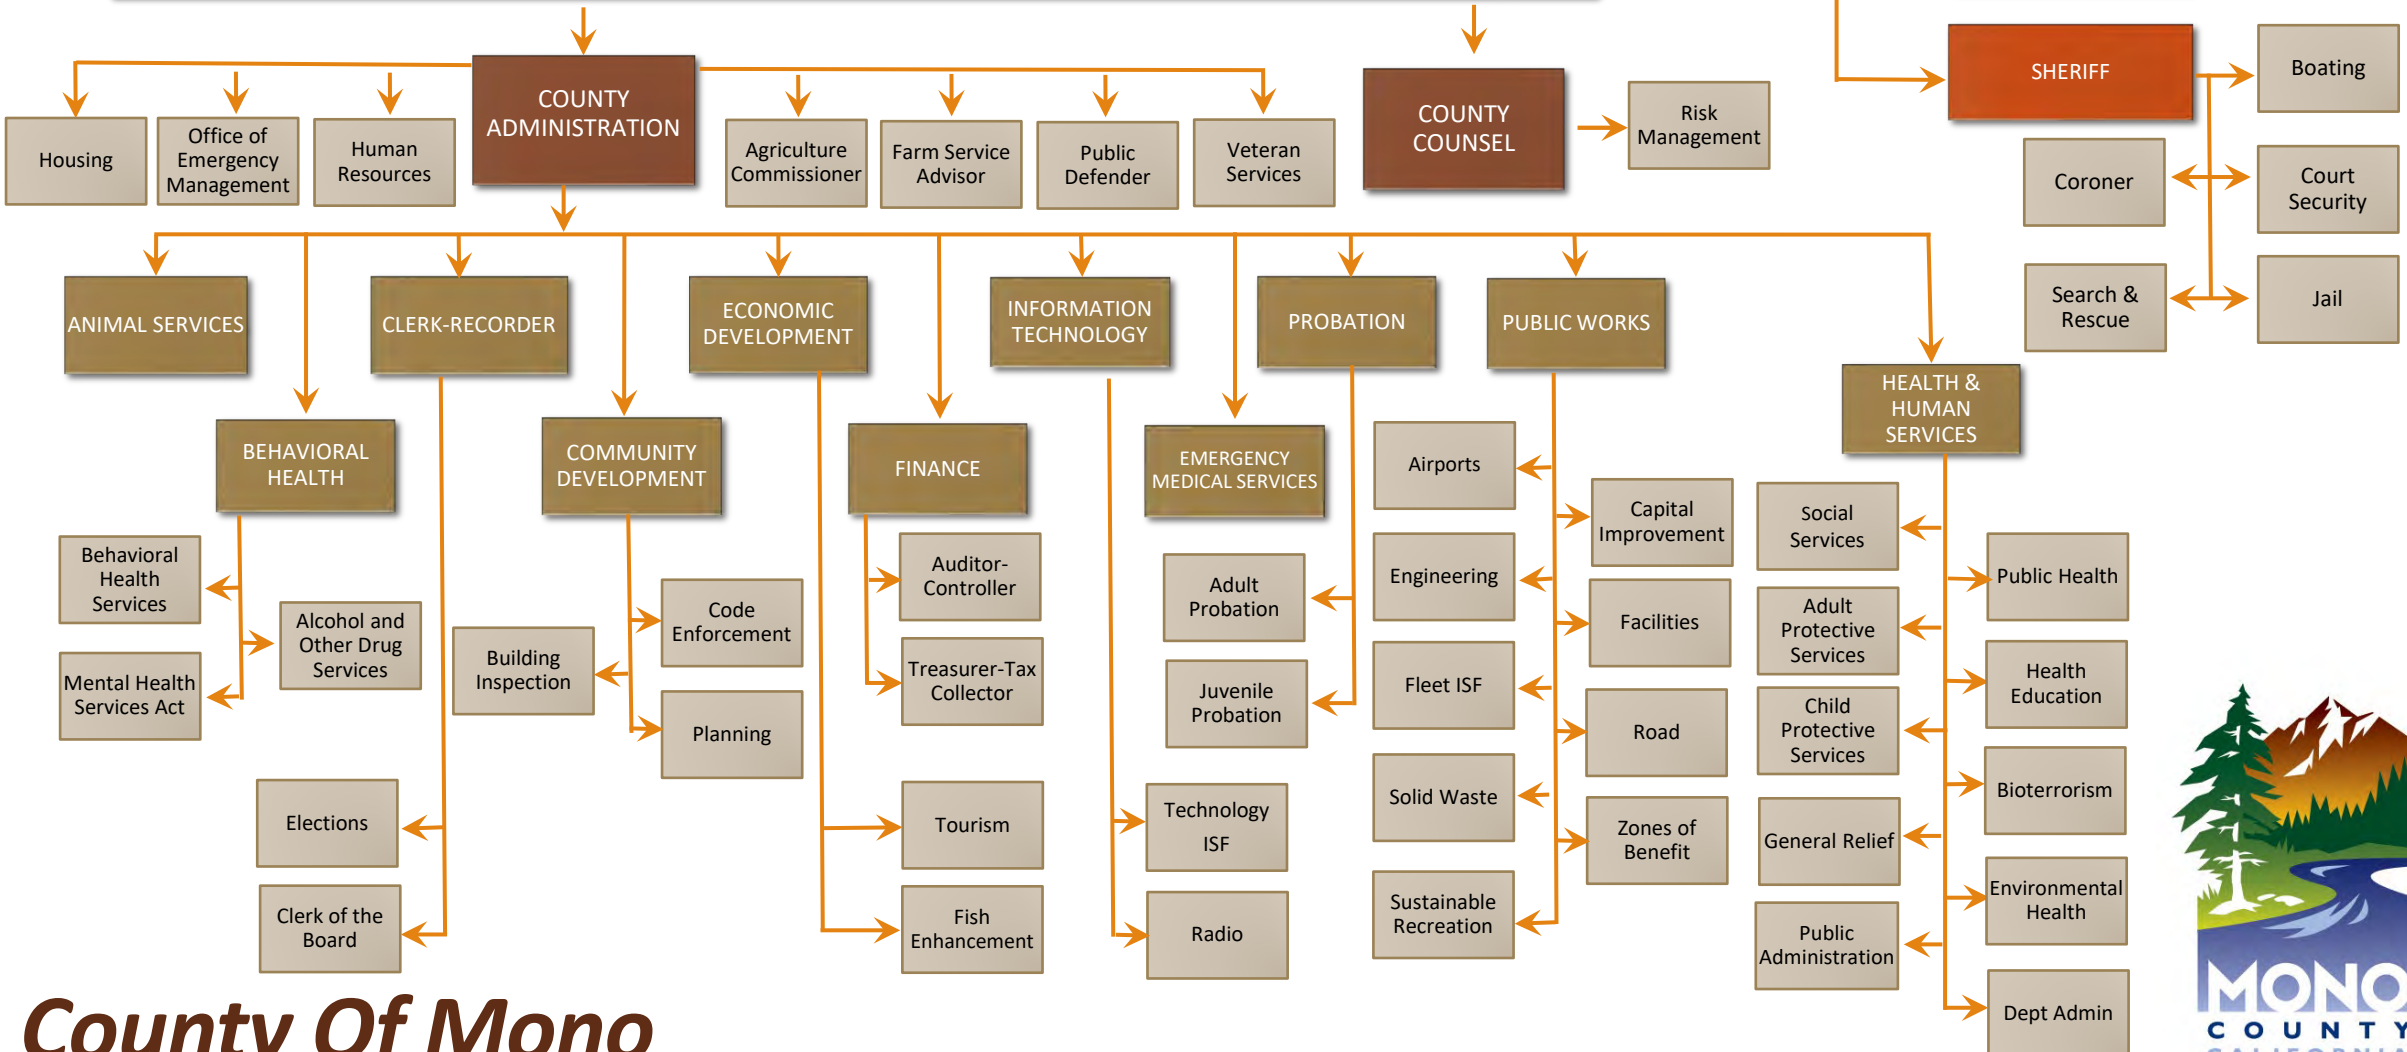

Mono County encompasses 3,030 square miles, of which 94% (2,845 square miles) is public land. Its diverse landscape with picturesque seasons, recreational opportunities, and a rural quality of life makes Mono County not only a destination for millions to visit, but a comfortable and welcoming place for individuals and families to call home.

It is my honor to present the FY 2023-24 recommended budget to the Board for adoption. FY 2022-23 brought an unprecedented winter, with the Main Lodge at Mammoth Mountain Ski area reporting 700 inches of snow, and over 900 inches at the summit. With these record snows, we also saw avalanches that closed Highway 395 for 40 days, severing the County; power outages that lasted a week in the communities of Lee Vining and Bridgeport, while they were isolated due to road closures; homes and commercial buildings damaged due to propane explosions, heavy wet snow on roofs, and flooding once the snow melt began; and various other damages throughout the County. The County declared emergencies twice in response to these storms, with the 2<sup>nd</sup> declaration resulting in state and federal major disaster declarations.

Throughout this seemingly endless winter, one did not have to look far to see heroes among the amazing people in Mono County. Paid and volunteer first responders worked endless hours to ensure the safety of our residents; neighbors helped each other with shoveling snow off of roofs, filling sandbags, hauling firewood, bringing food and supplies, and just being there for each other; state and federal agencies arrived in Mono County providing additional, much-needed resources. While it will take a while for the damage to be repaired, memories of the resilience of the people of Mono County will last far longer than the damage.

Financially, Mono County was able to respond to these events, due to strong fiscal policies that have worked to build the General Reserve and the Fiscal Stabilization Fund to policy levels. Based on experience and training, staff immediately began tracking response costs in order to maximize state and federal reimbursement.

Cool temperatures in March and April resulted in several bodies of water being inaccessible for fishing opener, the traditional start to the summer tourist season, and lower occupancy and visitor rates for our local businesses during the last quarter of the fiscal year. Despite slow transient occupancy tax revenue and significant response costs, the Counties policies mean that our financial position remains strong.

At the state level, California was faced with a significant Governor Newsom released his proposed budget in January with a \$22.5 billion deficit, which increased to \$31.5 billion by May. The legislature did approve and the Governor sign a budget in late June. This budget did include Mono County's highest priority, funding to reimburse the County \$2.3 million (plus an additional \$600,000 for the other taxing agencies in the County) for Vehicle License Fee (VLF) revenue that was not reimbursed by the state through the Educational Reserve Augmentation Fund (ERAF) as required by the Triple Flip, due to our school districts being Basic Aid districts.

Nationally, inflation hit the peak of 9.06% in June, 2022 before dropping to the current rate of 2.97%. This has resulting in higher interest rates, significantly slowing the real

estate market in Mono County and throughout the nation. What this means for Mono County is that while our expenses will increase, our primary source of revenue, property taxes, will increase at a much slower rate. So while Secured Property Tax growth is strong in the FY 2023-24 budget (7.9%), we should not expect that same growth rate in FY 2024-25.

**Budget Principles:**

When the Covid-19 pandemic shut down the country in March 2020, counties throughout California had to develop budgets with a great deal of uncertainty. As a result, many jurisdictions adopted strategies such as hiring freezes, and left vacant positions unfunded or partially funded in the budget. With the termination of the federal pandemic emergency earlier this year, it is important for Mono County to return to best practices of budgeting. Specifically, the budget should reflect the full cost of the allocated positions.

In addition, past County Administrative Officers (CAOs) have included program or service expansions in the recommended budget. These items are included as policy items for Board consideration, and will be added into the recommended budget prior to adoption, based on Board direction. Once a position is created and filled, the Board has very few opportunities to review that position, so it is imperative that the Board be given the opportunity to make a public and transparent decision when a position is created. For example, in April 2023, the Board directed staff to consolidate the Public Health and Social Services Departments into Health and Human Services. As part of this process, the Director of Health and Human Services will be presenting a revised organizational chart, which includes position changes. These changes will be considered by the Board as a policy item, rather than being embedded in the recommended budget.

**Budget Overview:**

The 2023-24 recommended budget is \$119,686,260, a decrease of \$20.4 million from FY 2022-23. These expenditures are offset by \$110,091,530 in revenue and \$9,594,730 in fund balance.

Mono County Budget-All Funds Total Appropriations			
	FY 2022/23 Adopted	FY 2023/24 Recommended	Difference
General Fund	\$ 45,346,241	\$ 49,364,920	\$ 4,018,679
Road Fund	\$ 4,638,028	\$ 5,102,380	\$ 464,352
Health and Human Services Funds	\$ 21,175,373	\$ 22,612,167	\$ 1,436,794
Behavioral Health Funds	\$ 8,743,882	\$ 10,154,518	\$ 1,410,636
All Other Funds	\$ 60,220,098	\$ 32,452,275	\$ (27,767,823)
<b>Total Appropriations</b>	<b>\$ 140,123,621</b>	<b>\$ 119,686,260</b>	<b>\$ (20,437,361)</b>
Total Revenue	\$ 129,220,391	\$ 110,091,530	\$ (19,128,861)
Use of Fund balance	\$ 10,903,230	\$ 9,594,730	\$ (1,308,500)

Total appropriations are decreasing, mostly due to the one-time appropriations for Capital Projects decreasing. Rather than budget the full cost of the jail project, funds will be appropriated as needed.

The recommended budget provides funding for 346.75 full-time equivalent (FTE) allocated positions, a decrease of 3.1 FTE from the adopted budget for FY 2022/23. The recommended includes funding for 2 previously allocated but unfunded positions in the Sheriff's department, based on new available funding. The allocation list does include 2 unfunded Correctional Deputy positions, with a policy item request to fund them.

**General Fund:**

The General Fund recommended budget for FY 2023-24 is \$48,674,995, an increase of \$3.3 million over FY 2022-23. These expenditures are offset by \$49,066,215 in revenue and \$1,112,000 in fund balance from the FY 2021-22 year-end close, based on the Board-approved guidelines. The results in revenue in excess of expenditures of \$1,503,220, for use in consideration of policy items, or direction to Economic Stabilization Fund or General Reserve.

REVENUES:

Estimated General Fund revenues for FY 2023-24 are \$49.1 million, an increase of \$3.3 million over FY 2022-23.

General Fund Revenue

	<b>FY 2022/23 Adopted</b>	<b>FY 2023/24 Recommended</b>	<b>Difference</b>	<b>% change</b>

All Other General Fund Revenue	\$ 11,792,616	\$ 12,436,802	\$ 644,186	5.46%

- Current Secured Property Taxes are projected to increase by \$1.7 million, or 7.87%, based on the completed roll. This increase is based on sales on construction during the 2022 calendar year. Interest rate increases that began in 2022 will slow down property tax growth in FY 2024-25 and future years.

- Sales Tax is projected to increase by \$52,000, or 7.96%. This is based on revised methodology for estimates, rather than actual growth, using projections from the County’s Sales Tax consultant, HdL.
- Prop 172 Public Safety Sales Tax is projected to increase by \$364,000, or 19.03%. This is based on revised methodology for estimates, rather than actual growth, using projections from the County’s Sales Tax consultant, HdL.
- Excess ERAF is projected to increase by \$683,136 due to changes in the state budget that will result in the County being reimbursed for Vehicle License Fee revenue, lost due to the triple flip.

**EXPENDITURES:**

Estimated General Fund expenditures for FY 2023-24 are \$48,674,995 an increase/decrease of \$3.3 million over FY 2022-23.

General Fund Expenditures

	<b>FY 2022/23</b>	<b>FY 2023/24</b>		
	<b>Adopted</b>	<b>Recommended</b>	<b>Difference</b>	<b>% change</b>

<b>Total Expenditures</b>	<b>\$ 45,346,241</b>	<b>\$ 48,674,995</b>	<b>\$ 3,328,754</b>	

- Salaries and benefits are increasing \$2.7 million, or 9.15%. This is a combination of scheduled cost-of living and step increases, increases in insurance premiums, increases in pension costs, and full funding for all allocated positions.
- Services and supplies are increasing \$956,665, or 8.66%, due to inflationary increases in the cost of goods and services.

Housing has been identified as a priority for the Board of Supervisors, and in support of this priority, appointed Supervisors Kreitz and Gardner to a Housing Ad Hoc to work with staff on a variety of strategies to address the need for affordable and workforce housing in the County.

While the County has grant funding to provide mortgage assistance to low-income individuals and families, there are fewer resources to support middle-income families. On July 18, 2023 the Board directed staff to develop a Mortgage Assistance Program for Mono County. Staff is requesting appropriation of \$500,000 from the Local Assistance Fund, Housing Designation, to fund this program for the first year.

August 10, 2023

On August 1, 2023 staff requested the Board approve emergency findings to repair damage to Benton Crossing Road before winter weather prevents work from happening. While there is some risk that the California Office of Emergency Services (CalOES) and the Federal Emergency Management Agency (FEMA) will not fund this work, staff is working with these agencies to maximize the potential of full reimbursement. Based on those discussions, staff recommends General Fund funds be used for this work, to reinforce the emergency nature of the work.

The exact cost will not be known until bids are received but are estimated at \$350,000. Staff recommends appropriations of \$400,000 to ensure the work can proceed promptly without a budget adjustment. Unspent funds will become part of year-end fund balance.

August 10, 2023

The Peterson Tract, in the June Lake loop, has roads that are maintained through a Zone of Benefit, which is funded through assessments paid by property owners through their property tax bill. The assessments are not sufficient to properly maintain the roads, and as a result, the roads are deteriorating, resulting in access challenges for public safety personnel, and potential increased vehicle repair costs for anyone who uses the roads. The roads are not part of the County Road system, because they do not meet the County's Road standards.

Staff proposes conducting an initial engineering study to determine the feasibility and cost of bringing the roads up to the County standard that is in place for June Lake village. The study will look at Right of Way issues, drainage issues, pavement condition, and what would be required to meet all these areas to improve the roads. This study would be shared with the property owners in the tract, who would be asked to approve an assessment to bring the roads up to County standards, at which time, the County could bring them into the County Road system.

The benefits of this would be improved roads for this community, improved public safety access, and increased property values. The County would bring good quality roads into the system and have time to build reserves for major maintenance in the future.

The Peterson Tract is not unique in having roads that are not County maintained and need additional resources to bring them up to a reasonable standard. If successful in the Peterson Tract, this is a model that could be used for other neighborhoods throughout the County.

## SHORT-TERM RENTAL HOUSING STUDY

### SCOPE OF SERVICES

July 6, 2023

---

MIG, Inc., is pleased to submit this proposal to support Mono County with a Short-Term Rental Housing Study. We approach our project assignments as a partnership and will work with County staff to support, promote, and uphold Mono County’s goals and standards.

#### **ABOUT MIG, Inc.**

MIG, Inc., improves, adapts, and creates organizations, environments, and tools for human development. We are a community of designers, planners, engineers, scientists, and storytellers who engage people in creative problem-solving and collective action. We believe that the physical and social environment around us have a profound impact on our lives, and this belief shapes the principles that guide our work:

- Communities can plan their own futures.
- The world needs an ecological perspective.
- Great projects work for everyone.
- Elegant design inspires new thinking.
- Every project presents an opportunity to advance racial and social equity.
- All work must be context driven.

Our staff has assisted mountain communities facing regional, housing, economic, and equity issues, including balancing workforce housing with short-term rentals.

#### **BAE**

BAE Urban Economics, Inc., is a national urban economics and real estate consulting practice with staff based in the Lake Tahoe region. BAE provides a broad range of services focused on the nexus of market economics and feasibility and community-based planning. Key practice areas include affordable and workforce housing needs, market and financial feasibility analyses, and public policy analysis and strategy development.

BAE’s passion for the “triple bottom-line” of sustainable economics, community equity and social justice, and environment sustainability is unique among urban economists. BAE believes practical solutions exist to help achieve this triple bottom-line. BAE considers environmental impacts, social benefits, and financial returns to create the best overall value and the highest quality outcomes for clients and their communities.

BAE staff's recent Short-Term Rental research experience includes the Eastern Placer County Short-Term Rental Economic Study, Truckee Short-Term Rental Housing Token Program Valuation Study, and Mariposa County Short-Term Rental Study.

## **PROJECT UNDERSTANDING**

MIG and BAE will support Mono County with the analysis of the impacts of short-term rentals (STR) on workforce housing, using existing literature, case studies, and available Mono County and regional data. The scope for this effort includes in-person stakeholder interviews, preparation of policy and regulatory options, and a presentation of findings and options to the Board of Supervisors. We understand Mono County adopted an emergency moratorium on permitting new STRs since May 3, 2022, which will expire on May 3, 2024. The moratorium is intended to allow the County to develop a comprehensive housing strategy to address the lack of affordable housing for the workforce and loss of long-term housing rentals. The Board further directed County staff to analyze the impacts of short-term and transient rentals on long-term housing availability and evaluate possible modifications to Chapters 25 and 26 of the Mono County General Plan and other applicable regulations.

Prior to the moratorium, the County allowed STRs rentals in limited geographic areas, subject to a Use Permit and Annual Activity Permit. The County believes its activity permit requirements address the safety and operational issues associated with short-term rentals. The purpose of this project is to identify what impact(s), if any, STRs have on workforce housing supply and affordability in the county and whether any modifications to the current regulatory structure should be considered.

## **TASK 1: PROJECT COORDINATION AND MANAGEMENT**

MIG and BAE will work closely with County staff to analyze impacts and identify options associated with STRs relative to workforce housing availability and affordability. The budget assumes regular team coordination, attendance on eight team conference calls, and ongoing project management during the assumed six-month process.

### Deliverable(s)

- Meeting Notes/Discussion Summaries (PDF)
- Invoicing (PDF)

## **TASK 2: KICK-OFF MEETING**

To kick off the project, MIG and BAE (Consultant Team) will participate in a virtual meeting with County staff (Client) to discuss the scope of work, budget, and schedule, and to confirm the project goals and desired outcomes. Town of Mammoth Lakes staff (Town) may be invited to participate in the meeting, pending County direction. The Client will provide an overview of the existing policy framework, noting aspects that are working well and ways the policy is falling short. The Client will also provide direction regarding stakeholders to engage as part of Stakeholder Interviews to be held during Task 7. MIG anticipates stakeholders may include representatives from affordable housing providers, housing developers, lodging industry, local managers of STRs, hotel/motel/lodging industry/association, tourism sector, and real estate industry.

The Consultant Team will also request available data and relevant background materials from the Client.

### Deliverable(s)

- Kick-Off Meeting Agenda (PDF)
- Kick-Off Meeting Summary PDF)

### **TASK 3: LITERATURE REVIEW/BEST PRACTICES**

BAE will leverage previously-conducted research regarding the current empirical research on relationships between the prevalence of STRs and long-term housing availability and pricing, both rental and for-sale. BAE will identify additional research conducted in recent months and will prepare an updated analysis that accounts for more recent findings from the academic literature. BAE will also update the literature review to include key findings from recent professional research conducted for peer communities throughout the Mountain West. BAE will conduct a review of the available literature regarding the impact of STRs on the viability (e.g., pricing and occupancy) of new and existing hotel properties, recognizing that STRs represent a competing form of visitor accommodations. BAE will then prepare a table and narrative summarizing the key findings from the literature review.

### Deliverable(s)

- Key Findings and Best Practices Summary (Excel/PDF)

### **TASK 4: STRS IMPACTS ON VISITOR SPENDING AND WORKFORCE HOUSING DEMAND - OPTIONAL**

To estimate the value of STRs to the local economy, as well as the extent to which creation of new STR units results in the creation of new workforce housing demand, BAE will collect data on the economic impacts of overnight tourist visitation from Dean Runyan and Associates<sup>1</sup> and will calculate a county-specific visitor spending-jobs multiplier.

Using this multiplier value, BAE will estimate the number of jobs supported based on visitor spending originating from persons staying overnight in hotel, motel, or vacation rental accommodations. Based on the total number of overnight visitor stays in hotel, motel, and vacation rental accommodations in Mono County, BAE will calculate the average number of visitor nights per job supported. BAE will apply the nights per job multiplier to the average STR occupancy in Mono County to estimate the number of STR units required to support one full-time equivalent job. BAE will leverage data from the U.S. Census Bureau's Public Use Microdata Sample (PUMS) dataset to calculate the average number of workers per resident workforce household and will calculate the number of STRs needed to generate demand for one new workforce housing unit. As part of this process, BAE will also calculate the total estimated visitor spending resulting from overnight stays in STR units and will estimate the indirect and induced

<sup>1</sup> [Dean Runyan and Associates](#) are private data vendors that have developed and maintain an economic impact model specific to the tourism industry. They sell data to a wide variety of economic development and tourism improvement agencies throughout the country, including to the State of California. Dean Runyan is the author of the [Economic Impacts of Travel in California](#) as the basis for the induced workforce housing demand analysis.

economic output and employment that results based on data from Dean Runyan, as well as from the IMPLAN<sup>2</sup> economic impact model.

Following the research, the Consultant Team will meet virtually with County staff to review the preliminary findings.

#### Deliverable(s)

- Preliminary Findings/Estimate of STR Impact on Visitor Spending and Workforce Housing Demand Memo (Word/PDF)
- Team Meeting (virtual)

#### **TASK 5: STR AND HOTEL INVENTORY, OCCUPANCY, AND PRICING TRENDS**

BAE will review the available transient occupancy tax (TOT) certificate and STR permits data provided by the Client to assess changes in the number of active STRs and hotel/motel rooms by county sub-area. BAE will also compare the number of known STRs and hotel/motel rooms in the market with the estimated trend in tourist visitation over time, as documented by Dean Runyan and Associates, as well as total number of housing units as documented by the Department of Finance and the U.S. Census Bureau (Census). BAE will collect data on homeowner's exemptions from the Mono County Assessor's Office and information on recent residential relocations from the U.S. Postal Service (USPS) National Change of Address (NCOA) data set for ZIP Codes within Mono County between 2018 and 2022.

Under this task, BAE will review trends in the number of STRs and other types of visitor accommodations (including hotel/motel and Bed-and-breakfast establishments) over time and will compare those trends to changes in how the housing stock is being utilized.

##### 1. Change in the Prevalence of STRs

BAE will review the available TOT certificate and STR permits data provided by the Client to assess changes in the number of active STRs and hotel/motel rooms throughout the county and within up to four county sub areas. In addition, BAE will evaluate the unit type (STR, hotel/motel, bed and breakfast, etc.), unit size (e.g., number of bedrooms), average daily rate (ADR), and occupancy characteristics to the extent possible based on the available data.

##### 2. Changes in Housing Composition

BAE will collect information on the total number of housing units in Mono County by sub area from the California Department of Finance (DOF) and the U.S. Census Bureau (Census). This will facilitate a comparison between the number of STRs and other visitor accommodation units

<sup>2</sup> [IMPLAN](#) is a software and data package that is commonly used by local government agencies to evaluate the economic impacts of proposed projects and/or policy interventions. While other economic modeling software packages exist in the market, such as REMI, the IMPLAN model is one of the most frequently used due to its relative cost-effectiveness. The model is based on a robust data set of national and regional economic accounts that document purchasing relationships between industries through multiple iterations or rounds of spending. The software also incorporates institutional demand and inter-institutional transfers, which reflect purchases made by households and government agencies, as well as transfers made between institutions. The IMPLAN software is frequently used by a wide variety of private organizations and government agencies, including the numerous state and local agencies, as well as the U.S. Bureau of Economic Analysis and the U.S. Environmental Protection Agency, among others. Data for use with the IMPLAN model area available at the County or ZIP Code level.

compared to changes in the housing stock by type. BAE will also collect data on residential vacancy over time, with a focus on identifying housing held vacant for seasonal and occasional use. This portion of the analysis will also include evaluation of data on homeowner's exemptions provided by the Mono County Assessor's Office to identify changes in owner occupancy rates, both overall and for housing that has changed hands (i.e., been sold) within the last five years.

### 3. Evaluating COVID Migration Impacts

Recognizing the significant impact that pandemic-induced migration has had on many tourist economies, BAE will compare the available statistics on population and household growth from the DOF and Census, with data on household and business relocations published by the U.S. Postal Service (USPS). BAE will compile and analyze data from the National Change of Address (NCOA) data set for ZIP Codes within Mono County, including for up to four specific breakout areas, and will evaluate the flow of households in to and out of Mono County ZIP Codes between 2018 and 2022. BAE will also collect information on school enrollment within the applicable school district to identify any discernible changes in the size of the local school-age population.

#### Deliverable(s)

- STR and Hotel Inventory, Occupancy, and Pricing Trends memo (Word/PDF)
- Team Meeting (virtual)

### **TASK 6: POLICY AND REGULATORY FRAMEWORK**

MIG will research and analyze other Mountain West jurisdictions' policy and regulatory approaches to STRs. This task will include summarizing the County's existing and historical regulatory process based on information provided as part of Task 2. The analysis will identify policy rationales or purposes for regulating STRs and methods for preserving or constructing workforce housing. The analysis will include case studies and best practices for model ordinances, based on communities with similar economics and demographics (e.g., mountain and tourist economies). MIG will prepare an administrative summary of its findings, which will be used in the final report. As part of this task, MIG will also prepare draft questions for stakeholder interviews for County staff review and feedback and will schedule stakeholder interview sessions. At the end of this task, MIG will meet with County staff virtually to review the policy analysis, to receive feedback on draft questions, and to finalize details on next steps.

#### Deliverable(s):

- Administrative Draft Policy Analysis (Word/PDF)
- Draft Questions for Stakeholder Interviews (Word/PDF)

### **TASK 7: STAKEHOLDER DISCUSSIONS**

MIG will conduct up to six in-person stakeholder group interviews over a two-day period to review preliminary findings and receive feedback about STR regulation to date and policy options for the future. Based on feedback from Task 2, stakeholders may include representatives from tourism/lodging, housing, community support organizations, and the business community. MIG will finalize questions

based on County review and feedback in advance of the interviews. Following the interviews, MIG will prepare an administrative summary of stakeholder interview key findings.

Deliverable(s)

- Stakeholder Meetings (up to six in-person during a two-day period)
- Summary of Stakeholder Interviews (Word/PDF)

**TASK 8: FINAL STR HOUSING STUDY**

MIG and BAE will prepare a consolidated report based on the materials and information prepared during earlier tasks.

Deliverable(s)

- Draft and Final STR Housing Study (Word/PDF)

**TASK 9: BOS MEETING (in-person)**

MIG and BAE will prepare a presentation to the Board of Supervisors for staff use and/or for Consultant presentation. The presentation will include BAE's summary of key findings as well as the policy framework analysis and options for the BOS to consider and discuss. MIG and BAE staff will attend one Board of Supervisors meeting to present the findings and recommendations, answer questions regarding the analysis, and support the discussion on next steps.

Deliverable(s)

- Attendance at one Board of Supervisors Meeting (in-person)
- Board of Supervisors Presentation (PowerPoint/PDF)

**OPTIONAL TASK: PHASE II ESTIMATE SUPPLY SIDE IMPACTS OF STR EXPANSION**

As an optional second phase, BAE will investigate the feasibility of estimating the causal impact of an increase in the number of STRs in the market with changes in the availability of long-term housing in Mono County, both rental and for-sale, based on methods implemented within the academic literature and comparable professional studies.

The scope of work for Phase II includes three main steps:

1. Identification and evaluation of the available data sets within the local, regional, and statewide context.
2. Evaluation of methodological options considering the available data and development of a preferred methodological approach along with identification of limitations to that methodology.
3. If the County chooses to proceed based on the findings from the first two steps: Implementation of the preferred methodology and generation of estimates of the number of housing units converted from long-term occupancy, both rental and for-sale, because of a specified increase in the number of STRs.

Due to uncertainties regarding the availability of data pertaining to relevant variables (e.g., can needed data for the relevant variables be obtained?), the quality and completeness of that data (e.g., does the data leave out important records; is it accurate; is it reliable, etc.), as well as the relevance of that data

to the subject area of study (i.e., is the data specific to Mono County, the broader Central Sierra Nevada region, the State of California?), BAE proposes to check in with County staff and, if needed, local decision makers, regarding decisions to move forward with the research after completion of the first two steps. BAE will present relevant concerns regarding the available data and its geographic applicability, as needed, and will rely on local stakeholders to make the go/no-go decisions on whether to proceed with the third step based on their understanding as to whether the outcome of the statistical modeling process will provide the types of answers the community is seeking.

At this time, no budget has been assigned to these tasks. If the County elects to move forward with the Phase II analysis, BAE will work with County staff to develop a budget reflective of the required level of effort involved in the process. The cost is anticipated to be significantly above the proposed baseline cost for the Phase I research effort.

### **Budget**

MIG proposes to complete the above scope of work, excluding optional tasks, with a not to exceed budget of **\$70,870** without Optional Task 4, inclusive of expenses. The attached budget spreadsheet provides a breakdown of estimated hours by staff and direct costs for each project task. Billing rates are subject to revision on or after January 1, 2024. Expenses are passed through to the client with no markup. Consultant reserves the right to reallocate budget between line items as needed to best meet the needs of the project.

In November 2021, at the request of the County Administrative Officer (CAO), Risk Management staff led the effort to conduct a security assessment and presented the CAO with a report of these recommendations. Since that time, very little action has been taken regarding the recommendations in that report. At least 2 separate incidents during the last 2-3 months lead the Interim CAO to ask staff to develop a workplan based on those recommendations, focused primarily on providing public access to the departments in the Civic Center, while not leaving the hallway doors unlocked during business hours.

In addition, during the last 4 months, several counties in Southern California have had the kiosks used for Child Support payments stolen, in what appears to be a very organized and planned effort. The Child Support kiosk in the Civic Center is not covered by cameras, which increase the risk.

Staff has developed a workplan, and is working through meet and confer with the bargaining units, because the plan does include the installation of cameras. We are requesting \$75,000 towards the implementation of security measures during FY 2023-24.

August 10, 2023

Several Board members have voiced an interest in having “Zoom Room” capability at the community centers throughout the County. Staff has researched the options and believe the most cost effective will be the purchase of 2 portable set-ups that staff can take to meetings in the remote community centers.

While this won't provide Zoom capabilities in the Community Centers for non-County meetings, should the Board wish to provide this capacity to community organizations, the Board could adopt fees to cover this service for outside entities.

- **County governments are leaders in the intergovernmental partnership** with federal lands management agencies
- **We work with officials from all levels of government, private stakeholders and other interested parties** to reduce fuel loads on federal lands, prudently develop our natural resources to meet the nation's economic needs, improve local economies, enhance recreational access to public lands, and conserve our lands and waters for future generations
- With improved understanding of our unique role, **Congress has invested record sums recently to support public lands counties**, including Payments In-Lieu of Taxes (PILT), Secure Rural Schools (SRS), and other revenue sharing programs
- **Congress also granted new authorities to federal lands agencies** to broaden the scope, pace and scale of their on-the-ground resource management work with local governments
- **HOWEVER, we must continue to tell the county story**, research innovation practices, nurture and build new relationships and networks, and address the mounting challenges and opportunities facing public lands counties

## NATIONAL CENTER FOR PUBLIC LANDS COUNTIES

- **Counties must research, evaluate and share lessons learned about the critical county contribution to sustainable resource management and evidenced-based practices** for developing and enhancing collaborative partnerships, including public-private-community collaborations and intergovernmental coordination
- Therefore, the NACo and WIR Boards of Directors both moved at the 2022 NACo Annual Conference in July 2022 to proceed with developing the **National Center for Public Lands Counties**
- **The Center will weave together the narrative around public lands counties and the national interest** in our prosperity by showing how public lands are interconnected with the country's needs. For example, a wildfire on federal land near a major water source could jeopardize water quality in a large urban region
- **The National Center for Public Lands Counties will be an essential resource for public lands counties** by sharing these stories with county officials, intergovernmental partners, the media, think tanks and other key influencers to demonstrate how prosperous public lands counties create a prosperous America

# MISSION AND OBJECTIVES

- **MISSION:** Advance the policy and practice study, research, and learning networks for America's public lands counties
- **IMPERATIVE:** Enhance the long-term policy and practice research, capacity and information exchange of elected and appointed leaders from America's public lands counties, including with federal and state policymakers, key stakeholders and influencers, the media, and the general public
- **OBJECTIVES:**
  - Enhance the understanding of national, state and county policymakers and influencers of the unique policy and practice issues facing America's county officials in areas with federal public lands
  - Develop the policy and practice research, case studies, public forums, and learning networks necessary to advance and inform our nation's policies and practices (including at the federal, state and local levels) impacting public lands counties
  - Foster intergovernmental relationships and dialogue on the intersection of federal, state and local policymaking and practices across the broad range of issues facing public lands counties, such as: landscape health, wildfire risk mitigation, watershed protection, economic competitiveness and job creation, enhanced public access to federal lands and waters, species management, and biodiversity health
- **FUNDRAISING GOAL:** \$15 million over two years to establish a new research fund, known as the National Center for Public Lands Counties, within the NACo Research Foundation and co-governed with NACo's Western Interstate Region (WIR) and Public Lands Steering Committee leadership

## FUNDRAISING GOAL

- For the National Center for Public Lands Counties to meet its mission and serve as a long-term tool for public lands counties, **a voluntary investment** from state associations representing public lands counties is needed
- NACo staff, state associations of counties executives and county officials set a **fundraising goal of \$15 million over the next two years** to build the staff capacity and partnerships to conduct this critical research and keep the Center on a sustainable financial course. These funds should come from county general funds.
- **State association executives are asked to meet with their members and determine by the 2023 NACo Annual Conference** what their state association can pledge as a voluntary contribution to the Center
- These funds will be **managed under a 501(c)(3) within the NACo Research Foundation to support WIR's collaboration** with the National Center for Public Lands Counties. *These funds will not be used for any partisan political purposes*
- **Initially, the Center will need 1-2 hard-working, passionate and talented writers** who can help us tell the county story and conduct and develop key research to meet the National Center's goals. We will then build staffing capacity, unique programming and impactful resources as appropriate

# FUNDRAISING STATUS

**\$4,720,116** pledge or collected so far

- Arizona: \$1,003,693 (13/15 counties)
- California: \$632,435
- Minnesota: \$108,295
- Montana: \$927,967 (51/56 counties)
- Nevada: \$164,367
- Utah: \$815,331 (all counties pledged)
- Washington: \$204,821
- Wyoming: \$425,354

## GOVERNANCE

- **National Center's Governing Board will consist of:**
  - WIR Executive Committee (President, 1st VP, 2nd VP, Immediate Past President)
  - NACo Public Lands Steering Committee Chair
  - NACo Public Lands Steering Committee Subcommittee Chairs
  - NACo West Region Representative
  - NACo Executive Director
  - Executive Director from WIR Immediate Past President's home state
  - NACo Public Lands Legislative Director and WIR Liaison, serving as NACo staff liaison to the governing board
- **Governing Board will meet on a regular basis and** develop an annual workplan based on the research priorities selected by the WIR Board of Directors and NACo Public Lands Steering Committee. At the WIR Annual Conference each May, the WIR Board of Directors and the NACo Public Lands Steering Committee will review the activities and performance of the Center and consider and adopt the proposed workplan for the next year.

## NEXT STEPS

- Beginning in August, NACo should collect the pledged funds from state associations and start the process of hiring a director to run the Center on a full-time basis, oversee the finances and take the lead in hiring support staff.
- Considering the PILT Fly-In in September and the WIR Board of Directors meeting the first week of October, NACo should use the August to early October timeline to collect the funds and begin the formal hiring process.
- An initial step for hiring a director should include soliciting input from the state association executive directors.
- The new director should immediately work with the governing board to draft formal bylaws and make decisions on initial research priorities and plans to be finalized at the WIR Conference in May 2024.
- The Center will be expected to present annual reports and seek approval from the governing board at WIR Conferences moving forward for annual budgets and research priorities, so this timeline works naturally within that framework.

**MEMO**

---

---

**TO:** MARY BOOHER, INTERIM CAO  
**FROM:** Kathryn Peterson, Health and Human Services Director  
**SUBJECT:** **POLICY ITEM REQUEST - ENVIRONMENTAL HEALTH BUDGET**  
**DATE:** AUGUST 10, 2023  
**CC:**

---

A General Fund contribution is requested for the Environmental Health fund to assist in offsetting the deficit.

This deficit, reflected in the fiscal year 2023/24 budget as \$803,094, is a burden on the Public Health operating fund and equates to approximately 50% of realignment use, Public Health's only discretionary revenue. The primary cause of this deficit is the lack of a fee study within in the last nine years, resulting in fees not keeping up with the service cost associated with the fee.

Another cause is the increase in the County Cost Plan allocation charge of \$295,467, which is a \$191,150 increase from fiscal year 2022/23, or 183.24%. The latest fee study, implemented in the 2023/24 fiscal year, is only estimated to result in an approximate 20% increase in service fees over fiscal year 2022/23 actuals, with an estimated increase of approximately \$53,732.

Using 20% as a reasonable administrative rate against salary and benefits, the HHS Department, Environmental Health Fund is requesting a General Fund contribution for the County Cost Plan charge in excess 20%, or \$154,817. Budgeted Salaries, Benefits, and contracted service costs for fiscal year 2023/24 are \$703,250. An administrative rate applied results in a cost of \$140,650. The amount in excess of what is being charged is \$154,817.

Thank you for your consideration.

When the Board appointed Mary Booher as Interim County Administrative Officer (CAO), one of the requests the Board made was that Mary assess staffing in the CAO's office and make recommendations in order to ensure the success of the future permanent CAO. One of the recommendations is to add the position of CAO Management Analyst, effective January 1, 2024.

The Management Analyst position is the entry level of the career ladder that leads to Deputy CAO, Assistant CAO, and eventually CAO. A professional level position, a Management Analyst is tasked with reviewing policy and budget requests, through the review of Board agenda items, budget requests, and through building relationships with departments. A Management Analyst can oversee projects, and allow the CAO and Assistant CAO to focus on the highest level tasks.

In Mono County, the County has obtained several grants over the last few years, but there is not coordinated effort to manage and oversee the grants to ensure compliance, which is necessary to support future grant applications. Grants are a key tool for the County to meet their strategic priorities. A management analyst can be assigned to this coordination role to ensure that the County is using a strategic approach to grants.

The position is recommended to begin on January 1, 2024 to give the incoming CAO and Assistant CAO time to work with Human Resources to develop a job description and recruitment to fit the needed skill set.

The process to manage contracts for the entire County is a more robust process that would only be able to be completed successfully if there was a person dedicated to the filing AND management of county contracts. This person would also serve as the central person to process and manage Public Records Act requests for the County.

#### Assistant Director of Community Development position

Staff is requesting consideration for the creation of an Assistant Director to provide overall support and leadership, as well as continuity for Community Development. Community Development is responsible for Planning, Code Enforcement, Building Department, Local Agency Formation Commission (LAFCo), as well as administrative oversight of the Local Transportation Commission (LTC). The current organizational structure does not provide sufficient oversight for the broad range of programs, nor does it create any opportunities for succession planning for leadership roles in the department.

When Building and Planning were first consolidated into Community Development, there was a Director, an Assistant Director for Planning, and an Assistant Director/Building Official. Currently, there is a Director, and a part-time Building Official (shared with the Town of Mammoth Lakes). While the shared position is providing good oversight of the Building Division, it results in a significant administrative workload on the Director.

Good organizational structure provides a “2<sup>nd</sup> in command” for leadership positions, to ensure continuity of services, as well as provide for succession planning. Creation of an Assistant Director position will help support good organizational structure, and will make Community Development, one of the most public-facing departments, consistent with most other departments.

## **Budget Policy Item- Health and Human Services**

This memo provides a summary of proposed position changes and rationale/funding behind them. We conducted ten (10) re-organization brainstorming sessions to devise the following proposed Health and Human Services consolidated organization recommendations.

**1. Health and Human Services Director (Public Administrator/Public Guardian),** formerly Social Services Director, At Will Range 24, approved by the Board on July 18, 2023.

- a. Eliminate the Public Health Director position, use Public Health funding previously allocated to this position to fund part of the HHS Director position.
- b. Allocate 50% of salary and benefits to Social Services and 40% to Public Health.
- c. This position assumed the role of consolidated Office of the Public Guardian/Public Administrator in February of 2023. Allocate 10% of the HHS Director salary and benefits to the Public Guardian budget, a General Fund program.

**2. Health and Human Services Deputy Director,** new recruitment.

The deputy will report to the HHS Director and serve as day-to-day lead over core operations: Eligibility and Employment; Children's Services; Adult Services; Community Health; and Clinical Services.

- a. Eliminate the Social Services Director position.
- b. Allocate 57% of salary and benefits to Social Services and 33% to Public Health based on number of employees in each division, and 10% to the Public Guardian budget, a General Fund program. (36 employees in the Social Services Division and 24 employees in the Public Health Division)

**3. Health and Human Services Chief Fiscal Officer,** At Will, (currently serving as the Public Health Fiscal and Administrative Officer)

- a. Voluntarily move the current Social Services Staff Services Manager-Fiscal into the position of Fiscal and Administrative Officer.
- b. Eliminate the Staff Services Manager – Fiscal position in Social Services.
- c. Allocate 67% of salary and benefits for the HHS Chief Fiscal Officer to Social Services and 33% to Public Health based on number of employees in each division.

**4. Managers non-At Will Managers over specific program areas to At Will**

a. New position: **Adult Services Manager,** At Will

Currently the Child and Adult services divisions are merged under one division and one Program Manager, however these divisions have grown large and complex, taking on new assignments including the day-to-day Public Guardian/Public Administrator operations, such that they have become too complex to be managed as one division by one Program Manager.

Another example of increased workload impact results from the State Budget Act of 2021 which made statutory changes to the Adult Protective Services program by decreasing the elderly eligibility age from 65 to 60, and the age for dependent adults eligible for APS services from 18-59 years of age, thus widening the populations we serve.

This re-organization proposal envisions that the current At Will Child and Adult Services Manager would become the At Will Children's Services Manager and a parallel At Will Adult Services Manager would be created.

**b. Existing Manager positions: At Will**

- i. Two existing Health Program Managers will move to At Will positions and will manage Community Health and Clinical Services day-to-day operations. Previously, a Director of Nursing and three Health Program Managers managed such operations. This move will consolidate services under two high-level, At Will Managers within the Public Health Division, and create a more cohesive and efficient management structure.
- ii. One existing Program Manager over Eligibility will move to an At Will position and will manage Eligibility and Employment Services.

The above actions will create parity across the manager level for those managers who supervise one or more manger/supervisors within their division.

**5. Additional Changes**

Certain changes were recommended by staff to occur, regardless of the consolidation:

**a. New position request: ICW (Integrated Case Worker) Supervisor**

- i. The current ICW supervisor supervises eight (8) staff which creates span of control issues. Creating a second supervisor position will allow them to focus their time on employee oversight, training, and coaching as well as program corrective actions and case review for the employees within the division. Producing a solution to this will lead staff feeling better supported, increase program accuracy and timeliness rates, and lessen the risk of employee burnout and turnover.

**b. Eliminate a Fiscal Technical Specialist II position in the Bridgeport Health and Humans Services Office. The employee previously in this position accepted the Senior Services Supervisor position at the Antelope Valley Senior Center. With consolidation of the Public Health and Social Services Departments, staff at the Bridgeport Office will cover the Bridgeport-specific duties of the FTS II position, rather than filling this vacancy, while transferring most of the fiscal work to staff at the Walker HHS office.**

**c. Promotion: FTS I/II to FTS III, Walker HHS Office.**

- i. Promote current FTS II employee to an FTS III so that they may absorb some of the fiscal duties of the position being eliminated at the Bridgeport HHS Office.

**Conclusion:** The above recommendations and changes result in a \$47,339 decrease to current workforce (salary and benefit) projections.

August 10, 2023

On October 13, 2020 the Board of Supervisors adopted Resolution 20-93, which stated, "The County Administrative Officer and County staff are directed to develop a workplan that includes committing adequate financial resources toward Justice, Equity, Diversity, and Inclusion work, the formation of a Justice, Equity, Diversity, and Inclusion (JEDI) Commission that would guide this effort, recognizing that the burden of education and transformation must not be placed solely on communities of color."

Since that time, leadership for the JEDI initiative was assigned to Scheeren Dedman. With Ms. Dedman's resignation, staff has evaluated the best way to continue this important effort. With the Covid-19 Emergency, the County received funding to recruit and hire a Public Health Equity Officer. The JEDI work coordinates well with the health equity work to better serve the public. While the Equity Officer will continue with grant funding from other sources that will cover a portion of the salary and benefits, staff believe that the General Fund could support 25% of the funding for this position to continue the work of JEDI.

In May 2023, the JEDI team conducted a survey of County staff, and the results are currently being evaluated. The Equity Officer will be developing a workplan for 2023-24, based on the survey results, and will work with the County Administrative Officer to bring that plan to the Board for approval.

Eric Bucklin took a demotion in 2017 to assist the IT Department in filling the Communication Specialist role. He has been stepped out as a Comm Spec II since 07/2020. Eric has been instrumental in supporting our public safety, first responders and all our radio infrastructure. He also assists with server and network management. The transition to CRIS is going to take 3-5 years, not only do we need to transition to a new system, but we will also need to decommission our old system. Eric's workload and responsibility will increase considerably. Radio Techs are very difficult to recruit for and we need to make sure we are compensating appropriately. The County and Eric have invested a considerable amount of time and \$ in training him up to this point. We acknowledge that the Communication Manager position definition states

## INSTRUCTIONS FOR REQUEST FOR POSITION ALLOCATION CHANGE FORM

**Purpose:** Every department is required to complete this form when making any change to a position allocation.

### **Instruction Sheet & Definitions:**

**Departmental Information:** Include Department, Division, and Bargaining unit. Be sure to include the contact person and their phone number.

**Type of Action Requested:** Check type of action; definitions are below. If type is “other” give brief description of action and detail further in the justification section below. You may select more than one action; for instance title change and change budget # may be appropriate.

- **Add Position** – Addition to allocation of an existing or new classification.
- **Delete Position** – Remove/decrease the allocation of an existing classification.
- **Title Change** – Change the title of an existing classification for one or more positions.
- **Change Budget #** - Change the budget number of an existing position.
- **Change Fund #**- Change the fund number of an existing position.
- **Reclassification** – For encumbered positions only. Change the classification of an assigned position based on the recommendation from a classification review or job analysis. Reclassification is used when the employee is transitioning with the position and a competitive process is not involved.

**Classification Status:** Existing Classification or New Classification.

Please mark if it is an existing classification or a new classification then mark if the position is vacant or filled. In the section immediately following (“Last Name”) please identify the last name of the current incumbent or if vacant, the previous incumbent.

**Position Changes:** This section is only required for “Add/Delete/Change/Update” “Reclassification,” “Title Change” and potentially “Other” changes. For identification of the specific position use the position control number (PCN) assigned and established by Human Resources. If you do not have this number please leave the field blank.

**Requested Position:** Complete all requested information, including the allocation effective date and estimated hire date. For Salary Step, use A for all entry-level positions (i.e. Office Assistant) and/or open recruitments and for high level classifications and/or promotional recruitments use Step F. A Departmental Organization Chart must be attached to every form. Please note the type of position. **For new classifications:** You must attach a brief description of job duties, and if available, the class specification and estimated base salary.

**Justification & Background:** This section must be completed in detail; attach additional sheets if necessary and cite the number of sheets attached.

**Financial Analysis:** Provide first year expenses and offsetting reimbursements, if applicable. These fields are required and if they are omitted the form will be returned to the department. **The financial analysis must reflect the total expenses for all positions requested.** If you are requesting three positions on this form, the financial analysis must reflect the sum of expenses for ALL of the positions.

**Budget Assignments:** Enter (Fund) (Function/Activity) (Department #) and % of Generals Funds and non-general funds.

**Submit the completed form, an organizational chart, and any applicable attachments to the Human Resources Department at [hr@mono.ca.gov](mailto:hr@mono.ca.gov) for review. The Human Resources department may require a meeting with the requesting department.**

**Once Human Resources, Budget and CAO have reviewed the form, the requesting department will be notified of the outcome. If the allocation change requires an action by the Board of Supervisors, it is the requesting department’s responsibility to complete the necessary Staff Reports and/or notify affected employees of the outcome of any actions. A copy of the Staff Report must be provided to the Human Resources & Budget. The requesting department must coordinate these efforts with the Human Resources Department.**

Assistant Director of Public Works position

Staff is requesting consideration for the creation of an Assistant Director to provide overall support and leadership, as well as continuity for Public Works. Public Works is responsible for Roads, Facilities, Engineering, Fleet, Cemeteries, Campgrounds, Solid Waste, Sustainable Recreation, Airports, and Zones of Benefit. The current organizational structure does not provide sufficient oversight for the broad range of programs, nor does it create any opportunities for succession planning for leadership roles in the department.

Good organizational structure provides a “2<sup>nd</sup> in command” for leadership positions, to ensure continuity of services, as well as provide for succession planning. Creation of an Assistant Director position will help support good organizational structure, and will make Public Works, one of the largest departments in the County, consistent with most other departments.

The Sheriff's Office and Probation Department each have a Fiscal and Administrative Services Officer (FASO), both of whom are responsible for all financial transactions from P-card entries to budget development, and everything in between. With the increased demands in budget development and quarterly reporting, the FASOs for both the Sheriff's Office and Probation need assistance in the routine duties. A shared position between the two departments would be sufficient to alleviate the workload and provide redundancy during vacations and sick leave. The duties, distinguishing characteristics, and qualifications as described within the FTS III Job Description would apply to this position.

DATE: July 25, 2023  
TO: Mary Booher, Interim County Administrative Officer  
FROM: Ingrid Braun, Sheriff-Coroner  
SUBJECT: Early Access and Stabilization Services Funding for Incompetent to Stand Trial

When a person awaiting trial who is held in county jail is deemed "Incompetent to Stand Trial" (IST) by the court, they are sent to the California Department of State Hospitals (DSH) for treatment to restore competency. However, there is a lengthy waitlist of patients in California deemed IST, and it can take months until they can be admitted to a DSH program. In those intervening months, the person usually remains in custody, but most county jails are not equipped to provide the restoration services. For that reason, DSH contracted directly with California Health and Recovery Solutions (CHRS), a subsidiary of Wellpath, a jail medical provider, to provide restoration services either virtually, in-person, or a combination thereof for felony IST patients who are awaiting placement in a DSH program. The services are designated as "Early Access & Stabilization Services" (EASS), and patients who are not restored to competency in the EASS program will be admitted to a DSH program.

To allow EASS to be provided at the Mono County Jail, the Sheriff's Office entered into a Memorandum of Understanding (MOU) with CHRS. In exchange for the County facilitating the provision of EASS at the Jail, CHRS shall make monthly payments in the amount of \$16,666.67 to the County, equaling \$200,000 per year. The payments shall continue in full force and effect for a period of three (3) years, and shall be coterminous with the DSH Agreement. As such, this MOU shall automatically renew for two (2) additional three (3) year terms, unless CHRS delivers written notice to the County that the DSH Agreement has terminated.

Housing and caring for IST patients requires additional staff time and attention. A person deemed IST is often disruptive, can occasionally be violent, and distracts from the regular operation of the Jail. In years prior, I have authorized out of class pay and overtime for the correctional deputies who had regular interaction with a particularly disruptive IST patient. I am requesting that the funding of \$200,000 per year be used to "unfreeze" the two (2) Correctional Deputy positions that were frozen several years ago. Adding two Correctional Deputies will alleviate the burden on staff, providing the IST patient the attention they require without detracting from the level of care we are required to provide to the other incarcerated persons. The annual cost, including salary and benefits, for a starting Correctional Deputy I, Step D, is \$93,130.60.

Respectfully submitted,

Ingrid Braun  
Sheriff-Coroner

## Significant Variances to Budget from FY 2022-23:

- None

## Update on FY 2022-23 Department Goals:

Due to staff turnover the primary focus has been recruitment, training, and animal care. FY2022-23 Goals have been carried over to FY2023-24.

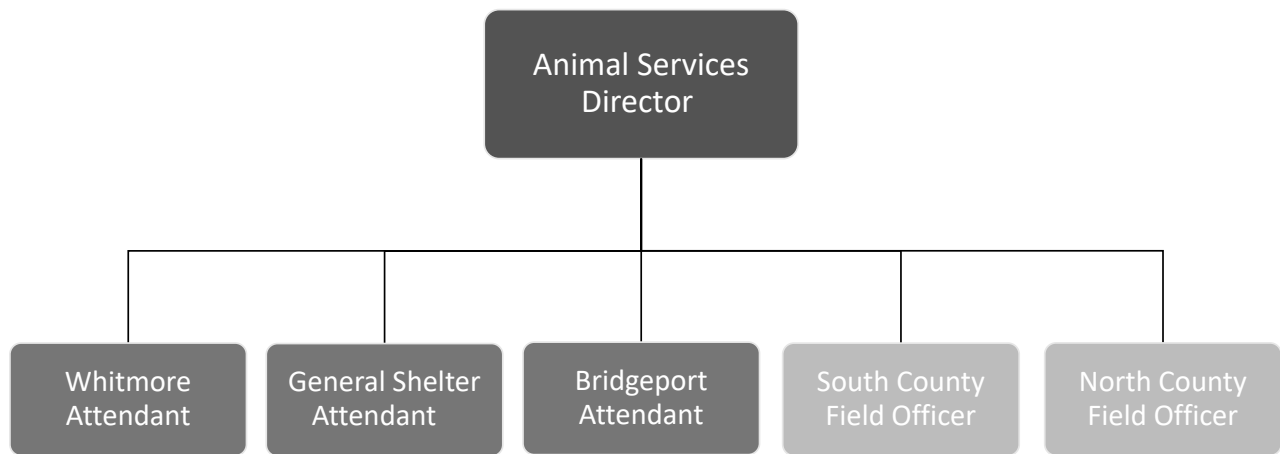

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

- Explore program to enhance life of children and aging population with pets.
- Develop a more structured foster and volunteer program and bring in more fosters and volunteers to engage the community and ensure emotionally healthy animals by providing more time outside the kennels.
- Develop a humane education program for elementary schools covering two topics, empathy for animals and dog bite prevention.
- Explore strategies to reduce adoptable animals' length of stay by placing them in their new homes faster. Examples of strategies include, but are not limited to, social media exposure, utilizing volunteers to help promote our animals by taking them out and spending time with them, and providing basic training to enhance adaptability.
- Reduce the number of animals being placed in the adoption program through pet owner support efforts and reuniting lost pets with owners.
- Animal Services will implement strategies to place animals, already in adoption programs throughout California, into homes by utilizing the PetPoint transfer network module. This program allows shelters to view animals in other shelters, and request transfers. Our shelters will work with the community seeking specific sizes or breeds by taking in and discussing requests, we can then look at pictures and information about the dog to find the best match. When we have found that match, we can then work with transport volunteers, sometimes the other shelter is able to provide transport, to bring the animals to our shelters for immediate placement in their new home.
- Develop a department emergency action plan, a handbook, and a training schedule for emergency workers, and recruit volunteers.
- Develop a livestock care plan to better serve the livestock of the community. This livestock care plan would include better response time, and to provide more efficiency with emergency evacuations.

## **Significant Variances to Budget from FY 2022-23:**

- Expenses have increased primarily due to increase in General Liability Insurance as well as full funding of all positions.

## **Update on FY 2022-23 Department Goals:**

- Completed the assessment roll on time, the highest in Mono County history.
- Resolved pending appeals.
- Assisted the Clerk-Recorder in the collection of Documentary Transfer Tax.
- Eliminate new construction backlog-in progress due to very high workload.
- Integrate data collection software into fieldwork-in progress with software vendor.
- Deliver value notices to all owners of taxable parcels in Mono County-in progress with contract print facility, will be complete by the end of July 2023.

## **Goals for FY 2023-24 focusing on Mono County Strategic Plan:**

All work completed by the Assessor's Office contributes to the Mono County Strategic Plan as approximately 70% of the General Fund income originates from property tax assessments.

### **Workload data:**

19,410 taxable parcels were included in assessment roll turnover.

1,286 supplemental assessments were generated, adding over \$343 million in incremental value.

## Significant Variances to Budget from FY 2022-23:

### Alcohol and Drug Program (non-General Fund):

- State Mental Health Revenue has decreased due to the expiration of the Substance Abuse Block Grant (SABG) Supplemental Coronavirus Response and Relief Supplemental Appropriations (CRRSA) grant.
- Salaries and benefits decreased due to changes in staff allocations between departments.
- Tech Refresh increased due to changing the allocation with the IT department to align better with staff costs.
- Software costs decreased because the new Electronic Health Record will be paid fully out of Mental Health Services Act Innovation funding.
- Contract services increased due to an increased need for residential treatment services, and two new contracts, both involving the implementation of Drug Medi-Cal (DMC). One contract is for a DMC consultant, and the other is for Intensive Outpatient Treatment which DMC requires.
- Rents & Leases increased due to an increased snow removal assessment and contracted yearly lease payments increase for our Sierra Wellness Center in Mammoth Lakes.

### Behavioral Health (non-General Fund):

- State Mental Health Revenue is decreasing due to a decrease in Behavioral Health Quality Improvement Program (BHQIP) funding this fiscal year. Last year we also had a Telehealth grant that was not renewed this year.
- 1991 realignment increased due to an increase in Mental Health Sales Tax Base and Mental Health Vehicle License Fee Base.
- Operating Transfers In: Mental Health from 2011 realignment to cover reasonable expenses once 1991 realignment is exhausted. The transfer has decreased due to allocating more expenses to our other budget units and the increase in 1991 realignment.
- Salaries and Benefits have decreased due to allocating staff time to other budget units. This is due to the demand for increased Substance Use programming and Behavioral Health outreach.
- Beginning with FY 23/24, the IT department has aligned costs with where staff charges are allocated. This change has increased our Tech Refresh allocation in our Behavioral Health budget.

- Software costs decreased because the new Electronic Health Record will be paid fully out of Mental Health Services Act Innovation funding.
- Travel & Training Expense increased due to more travel occurring now that in-person trainings and conferences are in place post-COVID.

Mental Health Services Act (MHSA) (non-General Fund):

- State Miscellaneous Revenue increased due to the Mental Health Student Services Act (MHSSA).
- Miscellaneous revenue includes the amount paid by the Jail for telehealth services.
- Operating Transfers in has increased due to funding from Social Services to hire a parent partner.
- Salaries and Benefits have increased due to allocating staff time from other budget units. This increase reflects staff costs following where programming and outreach are needed.
- Beginning with FY 23/24, the IT department has aligned costs with where staff charges are allocated. This change has decreased our Tech Refresh budget within our Mental Health Services Act budget.
- Software costs decreased because the new Electronic Health Record, which is fully funded out of Mental Health Services Act Innovation funding, had the bulk of the costs incurred in FY 22/23.
- Contract services increased due to the Mental Health Student Services Act (MHSSA) payments to the Mono County Office of Education offset by increased revenue. Contract Services also increased due to services needed to implement CalAim, payment reform.
- Rents & Leases increased due to an increased snow removal assessment and contracted yearly lease payments increase for our Sierra Wellness Center in Mammoth Lakes.
- Spec Dept Expense increased due to increased programming. The budget also includes the funding going towards the permanent supportive housing subsidy inside the Parcel in Mammoth Lakes.
- Spec Dept Exp-student Loan amount increased due to using an outside funding source in FY 22/23. This county collaboration directly paid recipients through the CalMHSA Workforce Education Training (WET). In FY 23/24, we will go back to using Mono County Mental Health Service Act funding.
- Workforce Education Training (WET) funding for student loan expenses increased due to having more staff eligible for the program.

## Update on FY 2022-23 Department Goals:

- Brought a comprehensive report to the Board of Supervisors detailing the prevention services and strategies related to suicides and overdose deaths in Mono County. (Completed)
- Worked with our partners in Social Services, Public Health, Probation, and others to address services and programs provided and create a report detailing needs that are not currently being addressed. (Ongoing)
- Increased Med-iCal revenues by 30% from FY22/23
- Implemented infrastructure changes required by CalAIM, including a new Electronic Health Record. (Completed)
- Implemented Drug Medi-Cal program which will be managed by the Substance Use Disorder Quality Improvement/Quality Assurance Coordinator. (Completed)
- Increased services in North County with hire of Case Manager to target this area. (Completed)
- Continued our work with the Early Psychosis Detection program through UC Davis and the Mental Health Services Oversight and Accountability Commission (MHSOAC). (Ongoing)
- Enhanced our data collection and analytics to support our systems, outreach, and outcomes. (Completed with new Electronic Health Record)
- Continued to work on our housing project at The Parcel. (Ongoing)
- Moved forward with Mental Health School Assistance grant with Mono County Office of Education to provide on campus mental health treatment to students throughout the county. (Completed first year, project ongoing)
- Continued to devote staff to the increased regulatory demands. (ongoing)
- Addressed Board of Supervisors related to Mono County Suicide and Overdose rates and plans for prevention. (Completed November 2022)
- Supported departmental fiscal staff related to the CalAIM payment reform, cost report regulations, changes in billing processes, and grant tracking by providing training, access to a consultant, and enhancing staff's ability to engage with what is known as a "fire hose of change" that we expect for the next two to three years. (ongoing)
- Continued to pursue grant monies that will address infrastructure change, student mental health and housing needs. (ongoing)
- Engaged with staff to support a culture that allows for support to do the very hard work, create an environment where professional development is central, and where there is a sense of purpose and understanding of how each staff member contributes to making Mono County the best place to live. (Ongoing)

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

- Continue with ongoing goals from Fiscal Year 2022/2023.
- Work with Sheriff's Department and Emergency Medical Services to implement Mobile Crisis Response.
- Work with our partners in Health and Human Services, Probation, and others to address services and programs provided and create a report detailing the needs that are not currently being addressed. Report to the Board of Supervisors
- Continue to work with County and community partners to link clients to housing opportunities.
- Leverage Community Corrections Partnership funding to provide services in the jail and/or to send shared clients/probationers to Residential Treatment for Substance Use Disorder as needed.
- Address recruitment and retention for hard to fill positions within the department, in collaboration with Human Resources.
- Use new Electronic Health Record data collection to analyze service provision, programs, prevention, and outcomes.

**Workload data FY 22/23:**

- Foro Latino (Spanish speaking event in Mammoth Lakes for community members and their families): attendance: 250+ participants
- Narcan Kits: Outreach: 581 attendees and Kits Distributed: 415
- Mental Health Clients receiving therapeutic services: 239
- Substance Use Disorder Outpatient Clients Served: 71
- Substance Use Disorder Clients Sent to Residential Treatment: 5
- Driving Under the Influence (DUI) mandated program: Clients Served 99
- Mandated Drug Diversion Program Clients Served: 4
- Batterers Intervention Clients Served: 10

## Significant Variances to Budget from FY 2022-23:

- Recording Fees are expected to decrease significantly, by \$35,000 (52%) due to a decrease in recorded documents. This is related to the housing market slowing down. The same reason applies to Index Fees (decreased by \$11,500, 46%) and Electronic Recording Fee (decreased by \$1000, 17%).
- Board of Supervisors Auto Allowance is increasing by \$9,000 (31%) to include auto allowances for Board members, pursuant to Mono County Code, which was not included in the previous year's budget due to a clerical error.
- Board of Supervisors Permanent Salary and Wages will increase. A former Board member had waived the increase for Board members from 2021.
- Board members have taken advantage of many training and networking opportunities since Covid shutdowns have been eliminated. Travel and Training will increase by \$20,000 (67%).
- Motor Pool will increase by \$7,485 (160%) due to the increased rates, as well as increased travel by Board members.
- Secretary of State Voting System Replacement Reimbursement Grant will decrease by \$59,658 (85%), due to substantial completion of the project with one-time funds.
- Technology Expenses are the tech refresh rates provided by IT and have been updated to fully reflect the actual staffing.
- Technology Software is increasing by \$5,100 (14%) due to contractual annual increases for DFM Associates Monthly Election Management System (7%) and Dominion Annual Fees (5%).
- Special Department is decreasing by \$93,360 (86%) because the Voting System Replacement Grant
- due to substantial completion of the project with one-time funds.
- Vehicle Fuel is increasing by \$700 and Motor Pool by \$1,600 since use for elections had previously been charged to the Clerk-Recorder budget, and we want to accurately represent usage by budget unit. County vehicles are used to pick up ballots from Ballot Boxes, set up polling places, and on election day.
- This is the second year that the Clerk has been able to spend directly from the Modernization and Micrographic Special Revenue Funds – prior to this, monies would be moved from these funds into the Clerk-Recorder budget. As such, last fiscal year's revenue reflected monies being moved from the holding account budget lines to the revenues budget line. This fiscal year's budget reflects only the income received from fees associated with recorded documents.
- Modernization Miscellaneous Revenue will decrease by \$3,000 (50%) due to a decrease in recorded documents, which is related to the housing market slowing down.
- Micrographic Miscellaneous Revenue will decrease by \$3,000 (50%) due to a decrease in recorded documents, which is related to the housing market slowing down.

- Micrographic Social Security Truncation Fee will decrease by \$3,000 (50%) due to a decrease in recorded documents, which is related to the housing market slowing down.
- The new recording software – Eagle Recording – continues to be implemented this fiscal year, with the costs being covered by the Modernization and Micrographic Funds.
- Last year, the Board approved the addition of a temporary employee in the Clerk-Recorder department, with the costs being covered by the Modernization and Micrographic Funds.

**Update on FY 2022-23 Department Goals:**

- Successfully conducted November 8, 2022, General Election.
- Streamlined the election process now that all voters receive a mailed ballot.
- New records management program still in the process of being implemented. Anticipated December 2023 launch date.

**Goals for FY 2023-24 focusing on Mono County Strategic Plan:**

- Fill vacant Assessment Appeals Board member positions.
- Streamline the process for tracking and updating Statements of Economic Interests filing requirements for elected officials, designated employees and Commissioners pursuant to the Political Reform Act.
- Upload all executed County contracts received by the Clerk’s Office to Laserfiche.
- Begin the digitization and destruction of Board of Supervisors Resolutions, Minutes, Ordinances, agendas and packets, etc. in accordance with the County Retention and Destruction Policy.
- Implementation of the Restrictive Covenant Modification Program.
- Conduct November 7, 2023 Special District Election.
- Conduct March 5, 2024 Primary Election.

## Significant Variances to Budget from FY 2022-23:

### Building Inspector (General Fund):

- Contract Services are increasing by \$100,000, consistent with midyear budget adjustments, to fund storm damage assessments and to update prescriptive designs for Accessory Dwelling Units (ADU) and garages due to building code updates.

### Code Enforcement (General Fund):

- Travel and Training costs are increasing as more trainings returning to in-person.

### Planning (General Fund):

- Planning Fees are increasing to support potential increased permitting activity.
- Other Government Agencies Revenue reflects Community Development Block Grant funds to support staff time for the Special District Assessment.
- Salary and Benefits are increasing to reflect full funding for allocated positions.
- Contract services are increasing to support potential increased permitting activity.

### Community Development Grants (non-General Fund):

- Community Development did not include the housing-related grants in this budget for FY 2023-24. Staff will ensure these grants are included in the 2023-24 budget under Housing Development.

## Update on FY 2022-23 Department Goals:

- Work with Housing Opportunities Manager to update Board policies for affordable housing; including streamlined processes and options to incentivize building of units – ongoing. Work completed in FY 22-23 includes release of prescriptive designs for accessory dwelling units, completion of Permanent Local Housing Allocation grant application (on behalf of the Housing Manager, funding received and project transferred to CAO's office), billing for the California Development Block Grant for the child care program, initiation of policy discussions to allow RVs as residences, completion of Annual Progress Report to state, development of a study on short-term rentals as directed under the moratorium, among other tasks.
- Through a current funding award, assess Special District Capacity and needs to support increased housing density – ongoing. Work completed in FY 22-23 includes baseline studies and data collection of special district operations and analysis of the capacity for increased housing density is underway. Project will be completed in FY 23-24.
- Respond to public inquiries about land uses and other CDD programs – ongoing. New inquiries are constantly being received and staff responses are constantly being completed every FY.
- Process development applications and CEQA, such as various planning permits, building

permits, and related environmental analysis – ongoing. New permit applications are received, processed, and completed every FY.

- Manage and participate in regulatory, community, and collaborative commissions and committees – ongoing. Most meetings are monthly or quarterly, with participation in targeted project meetings such as Towns to Trails or biomass development.
- Respond to code enforcement cases – ongoing. New complaints are received and enforcement cases opened, and staff responds and resolves cases every FY.
- Manage and administer independent commissions including the Local Transportation Commission (LTC) and Local Agency Formation Commission (LAFCO). FY 22-23 completed work includes programs under the Overall Work Program (OWP) , unmet transit needs process, adoption of FY 23-24 OWP, completion of the June Lake Active Transportation Plan, completed data collection for updating municipal service reviews, responded to multiple LAFCO inquiries, and adopted the FY 23-24 LAFCO budget, among other tasks. Specific goals for FY 23-24 include: program and adopt a new Regional Transportation Improvement Program (RTIP), update Memorandum of Understanding (MOU) projects, update Regional Transportation Plan (RTP), adopt FY 24-25 Overall Work Program, complete unmet transit needs process for FY 24-25, complete other elements of the FY 23-24 Overall Work Program (OWP), process any applications for district boundary adjustments, complete 15 municipal service reviews for LAFCO adoption.
- Complete grants and priorities, including the CDBG TA grant to study special district capacity to support increased housing density (underway, see above), support implementation and administration of the Eastern California Water Association (ECWA) grant for a Tri-Valley groundwater model (grant award approved by Board in 2023, staff working on implementation contracts), study the impact of short-term rentals on the long-term rental housing market (if funded – proposal is provided to Board as a budget policy item).

#### **Goals for FY 2023-24 focusing on Mono County Strategic Plan:**

- As set forth in “Safe and Healthy Communities, Improve Rural Infrastructure,” complete the Special District Capacity study funded by a California Development Block Grant by June 2024.
- As set forth in “A Thriving Economy, Address Shortage of Affordable Housing,” update BOS policies for affordable housing by completing actions specified in the Housing Element and as identified by the Board in the previous housing policy workshops.
- Consist with “Workforce and Operational Excellence,” evaluate and improve 1) employee recruiting and retention, and 2) internal training and accountability, and assess departmental structure for effectiveness and sustainability.

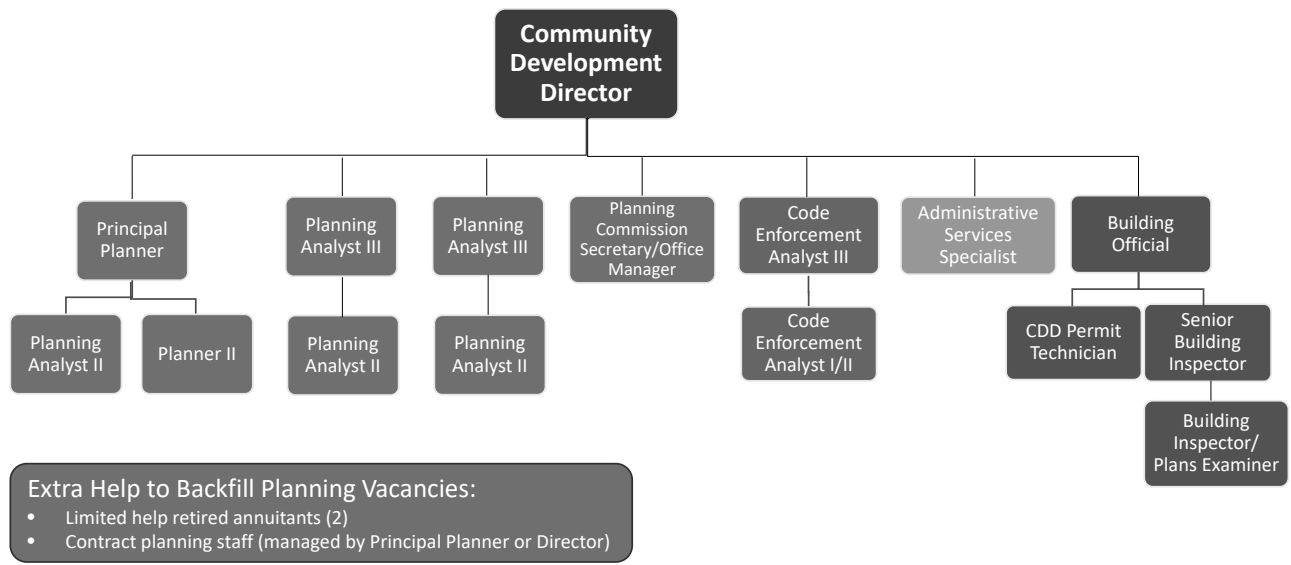

**Workload data:**

1. Building Division: 183 applications received, 184 permits issued, 77 permits finalized.
2. Number of planning permits received and processed, includes General Plan amendments, specific plans, variances, use permits, appeals, cannabis operations permits, short term rental activity permits, director reviews, lot line adjustments/mergers, vacation home rental permits, permit renewals = 53 + 120 business license approvals.
3. CEQA filings completed, includes exemptions, 15183s, addendums, (mitigated) negative declarations, environmental impact reports = 14.
4. Code Enforcement: 50-70 complaint files being processed at any given time. In FY 22-23, 37 complaints received, 21 resolved/closed, 21 Notices of Violation issued, one administrative citation, four citations resolved/settled with one outstanding.
5. Staffed 97 Brown Act commission/committee meetings (average eight per month), does not include non-Brown Act meetings or meetings where CDD staff is a participant.

## Update on FY 2022-23 Department Goals:

Changes for public defender in anticipation of the Death Penalty case (Three public defenders and one investigator are on contract with corresponding budget).

During FY 2022-23, this case was moved to the Federal Court system.

Moves Eastern Sustainable Recreation Coordinator back into Public Works-completed.

Adjusted CSA 1 budget as per request in June-completed.

Contract Services for Human Resources support, policy manual creation, and organizational change management. As well as addition of translation services and JEDI.

Contracts for services are in place. A Chief People Officer was hired in March, reducing the need for contract Human Resources services.

Changes to accommodate new function of Office of Emergency Management-completed.

Addition of contact services for the Ferguson Group for lobbying-completed.

Move forward with our efforts to improve the housing opportunities in the County by creating a workplan on housing opportunities, including actionable and achievable goals.

While the Housing Opportunities Manager position has been vacant for much of FY 2022-23, progress continues to be made in this area. The Board established a Housing Ad Hoc Committee, who is developing recommendations for the full Board to address this priority.

Complete Countywide fee-study analysis and recommend increased fees where appropriate to the Board for consideration-completed.

Complete the transition of several of our software and hardware programs due to end-of-life issues, including our Innoprise staff interface and the Novus agenda management systems-ongoing. Staff in Human Resources did successfully implement NeoGov, to streamline the application process in recruiting.

Implement the Office of Emergency Operations by hiring the currently approved manager and planner for that office and creating a work plan and operations plan-completed.

### **Goals for FY 2023-24 focusing on Mono County Strategic Plan:**

#### County Administration

- Provide for smooth transition for new County Administrative Officer.
- Fill vacancies in CAO office, including Assistant County Administrative Officer, Housing Opportunities Manager, and Administrative Services Specialist.
- Continue transition of budget process to CAO staff, outlining roles and responsibilities for all staff.
- Develop budget training for departmental budget staff to improve process and ensure quality budget data.

#### Emergency Services

- Develop and maintain plans for major emergencies / disasters that build on and complement the existing operational policies and procedures of local emergency response agencies.
  - Utilizing Emergency Management Preparedness Grant funding, update the Mono County Emergency Operations Plan and develop an All-Hazards Recovery Plan.

- Establish an annual training program that develops and maintains necessary emergency management skills, including conducting exercises to test emergency response plans and procedures.
  - Schedule quarterly all-hazard ICS training classes and conduct at least two exercises annually.
- Provide the direction and coordination to identify and manage the additional resources needed for a major emergency / disaster response.
  - Maintain current contact lists of both public and private cooperators to ensure resources can be mobilized as rapidly as possible.

#### Housing

- Continue supporting the Housing Ad Hoc committee and implementing recommended strategies to increase access to workforce and affordable housing in Mono County.

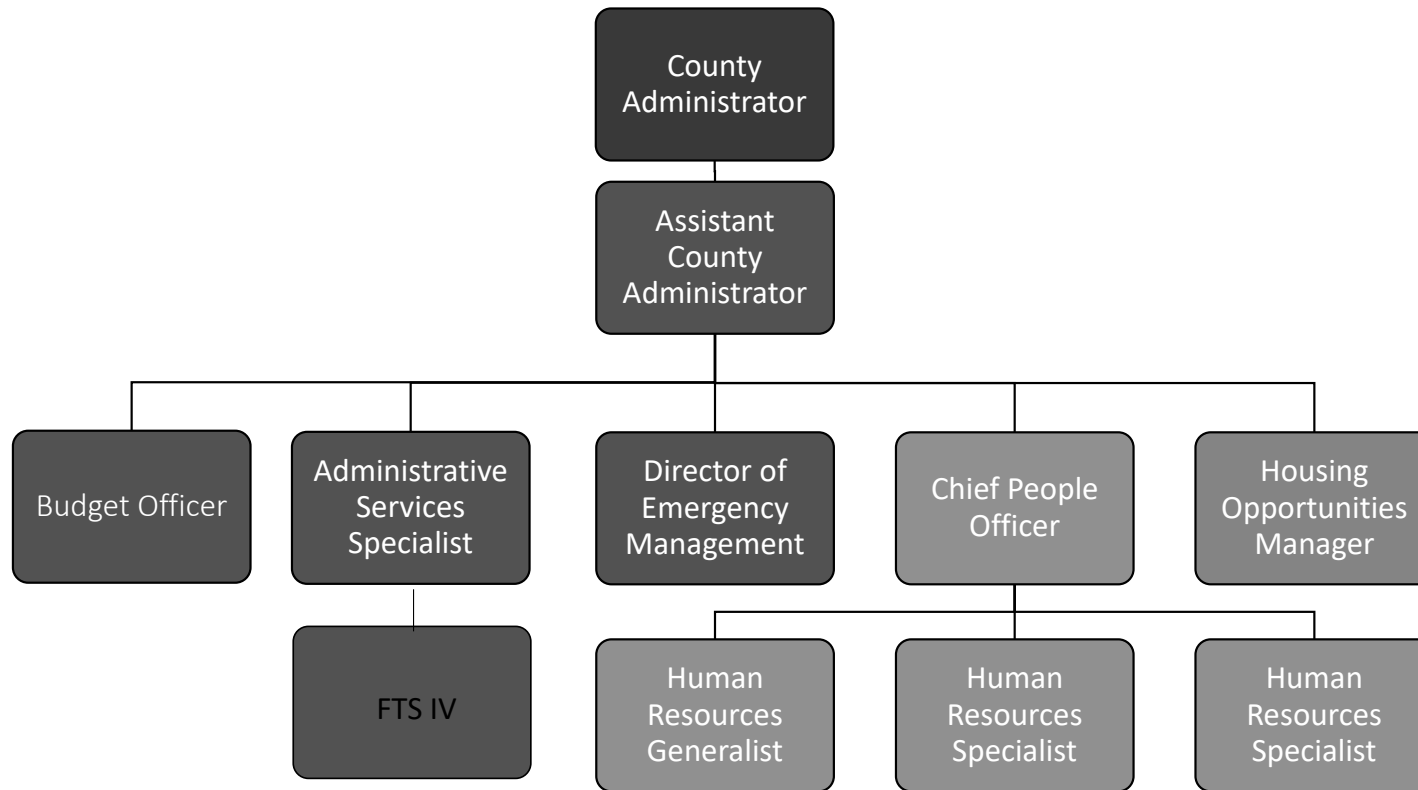

#### Human Resources

- Develop an internal training program designed to efficiently onboard and integrate employees into Mono County's work culture.
- Further grow the employee recognition program to recognize work anniversaries and major life events such as birth of children, marriage, graduations, and purchases of a home.
- Begin developing a comprehensive manager's training program to help our employees as they transition into leadership roles.

## Significant Variances to Budget from FY 2022-23:

### Insurance:

- Health insurance cost for Insurance ISF budget has increased from employee to employee plus one based on actual enrollment data.
- Contract Services costs have decreased based on the expected number of employees who use the Snow Creek Athletic Club County contribution.
- Dental Premiums have decreased based on the projected employee expenditures.

### County Counsel:

- None.

## Update on FY 2022-23 Department Goals:

- Completed initial drafting/compilation and then final legal review of comprehensive policy and procedure manual consisting of review and updates to 18 existing County policies and drafting and/or review of 22 new policies.
- Participated in Governance workshop and provided ongoing support for the implementation of good governance strategies.
- Participated as an organizer and presenter in administrative skills training retreat for department heads.
- Hired new Assistant County Counsel, Christopher Beck.
- Provided sound legal representation and service to the County, the Board of Supervisors, County departments, commissions and agencies and some special districts.
- Performed human resources department functions during vacancy in the role of Chief People Officer and in process of providing support to a fully staffed and highly functional human resources department by working with new Chief People Officer and other HR staff on policy development and implementation, complex personnel matters, training programs and other initiatives.
- Provided legal support for various high priority County initiatives including the construction of a new jail facility, affordable housing (facilitated sale of two homes for affordable housing in Benton, facilitated creation of four affordable units on Davison Street in Mammoth Lakes and supported County involvement in the Town of Mammoth Lakes' Parcel Project) and provided legal support for the County's transition to long-haul solid waste disposal.

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

### 1. Safe and Healthy Communities

- a. Continue legal representation of child and adult protective services in cases brought to protect those vulnerable populations from physical, psychological or financial abuse and/or neglect.
- b. Continue legal representation of code compliance and animal services divisions in cases seeking to prevent or eliminate community nuisances resulting from building or zoning violations (code compliance) and to address at-large, dangerous or abused/neglected animals (animal services).
- c. Continue representation of the Sheriff's Department with respect to jail management and operations, personnel and employment law issues, and other matters.
- d. Continue representation of health and human services, behavioral health, EMS and emergency services to enable them to carry out their essential functions.
- e. Draft or review contracts, resolutions, ordinances, policies, notices, employment agreements, bid packages, requests for proposals and other materials related to each of the community services Mono County provides, from Behavioral Health agreements with treatment centers, to contract documents for the new Mono County jail.

### 2. A Thriving Economy

- a. Provide staff support to the County's housing program until the Housing Coordinator position is filled, and thereafter support and aid in transition of tasks and responsibilities to the new staff person. Provide legal representation to the program throughout.
- b. Continue to receive, process and serve as the staff lead for all special event permit applications within the County. This involves coordinating with stakeholders (law enforcement, facilities, etc.) to ensure the safe and successful implementation of special events from weddings to motorcycle jamborees. (Risk Management.)
- c. Continue representation of the County's taxing agencies, including the Assessor, Tax-Collector and Assessment Appeals Board to ensure that property taxes used to support all County services are fairly, equitably and legally charged and collected.
- d. Continue representation of the County's Finance department to ensure that the County's financial transactions with employees, vendors, agency partners, fee payors and others are legally compliant and appropriately support the County's purposes and priorities.
- e. Continue representation of the County's Community Development Department to process applications for land development, including commercial and residential uses (among others) and to maintain legal compliance with general plan, housing and other state law requirements.
- f. Identify and, as directed by the Board, represent the County in litigation as a plaintiff that is in the financial interest of the County and its residents, such as the Opioid and Mountain View Fire cases, which provide funding to address past harms that have impacted the health and safety of our communities.

- g. Represent the County in civil litigation brought by third parties (i.e., County as defendant) to defend the County's interests and financial resources.

### **3. Workforce and Operational Excellence**

- a. Provide support to new County Administrative Officer to streamline and assist transition to new role and new subject matter areas.
- b. Continue to provide training to County employees regarding legal concepts they need to understand and follow in order successfully carry out their departmental functions.
- c. Shepherd through adoption and, thereafter, train and orient staff on the first comprehensive Mono County policies and procedures manual.
- d. Continue to work with human resources and applicable departments to avoid employment liability and reduce County and workplace risks by providing training, resources and support to avoid or, where necessary, address issues which do arise.
- e. Maintain existing (and update as needed) comprehensive library of legal research and model documents which streamlines county processes and enables departments to achieve their substantive goals more quickly and efficiently.
- f. Coordinate County efforts to address security in County facilities. Ultimate implementation to be carried out in cooperation with other departments, including Public Works and Information Technology (Risk Manager).

### **4. Sustainable Public Lands**

- a. Continue to provide legal guidance regarding contracts, employment issues and other matters necessary to the performance of the goals of the program as established by the Board.
- b. Provide sound risk management advice and legal counsel to decision-makers regarding proposed sustainable recreation programs in order to enhance decision making regarding priorities and program goals.

#### **Workload data:**

The primary goal of County Counsel and Risk Management is to identify, encourage and pursue preventative measures which can be taken by the County to reduce or avoid significant liability or exposure to significant liability. This ensures that the County's financial resources are protected for expenditure on the programs and activities that benefit the citizens and communities of Mono County, rather than spent on costly and time-consuming litigation. Accordingly, a large amount of the work we do is not reflected in the numbers of cases or projects handled – since the goal is to avoid escalation to those levels.

With that caveat, the office received 443 requests from County departments, boards and special districts for legal representation, research, advice or document drafting or review during the fiscal year, compared to an average of 368 requests annually over the prior six years. Of projects requested this year, 352 have been completed, 44 are on-hold awaiting action from the requesting department and 91 are pending. More projects were requested this year than any year since the office began tracking this

portion of its work in July of 2016. And these numbers do not include time spent by staff attending the many meetings we participate in, litigation matters, or time spent handling time-sensitive/urgent matters which are routinely responded to in the same day and are never entered into the County Counsel project tracking system.

The office represented the County in nine litigation matters, either solely or with insurance defense and outside counsel. Of those, four were finally resolved (in the County's favor) and five are ongoing. Of the ongoing cases, the County is the Plaintiff in two (Opioid and Mountain View Fire litigation). The office also represented the County in 12 conservatorship cases, 15 child welfare cases, three administrative proceedings before State agencies, 15 workers' compensation claims/cases and in responding to 9 claims for damages under California's Government Claims Act.

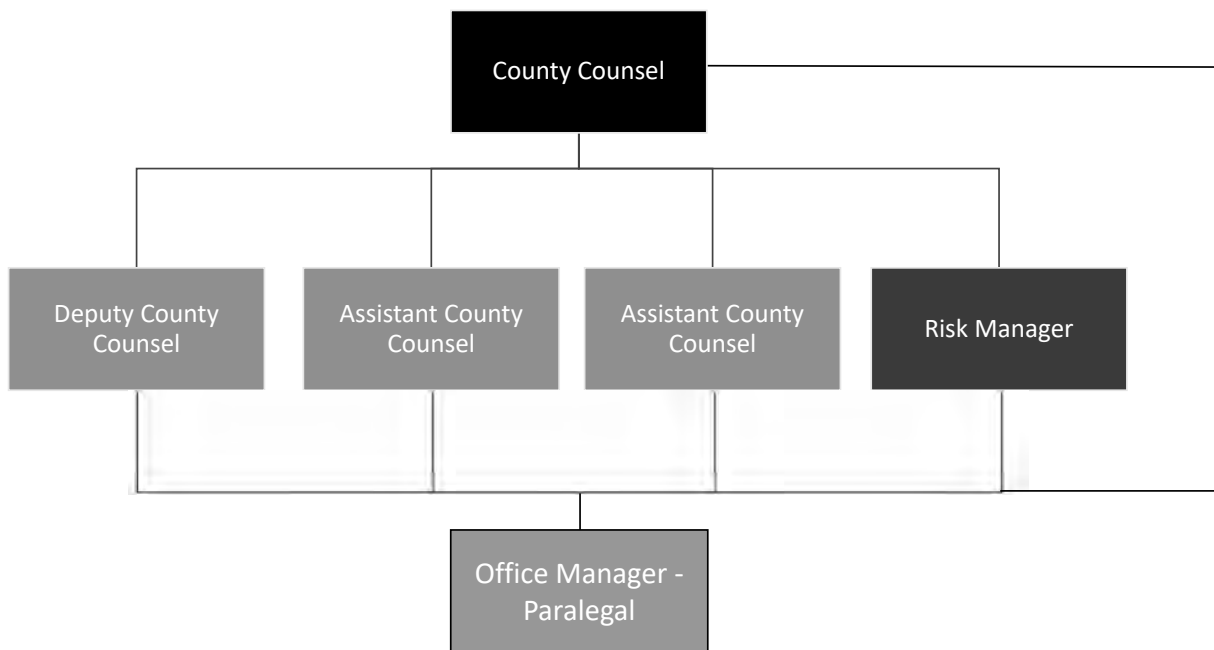

County Counsel staff attended all meetings of the Board of Supervisors, the Mono County Planning Commission and the Tri-Valley Groundwater Management District in order to provide legal guidance and support. Staff also attended meetings of other County boards and commissions as needed or upon request.

Finally, the Risk Management division (consisting of one individual) managed over 100 different safety reports, incidents, and insurance claims on behalf of the County, reviewed over 200 contracts and insurance documents, processed over 55 special event and film permits, reviewed over 200 safety meetings, monitored over 20 quarterly random DOT drug test, drafted 5 policies and policy recommendations, facilitated over 50 leadership and management trainings, and completed insurance renewals for 9 insurance policies.

## Significant Variances to Budget from FY 2022-23:

### District Attorney (General Fund):

- Cash-outs are increasing this year for the anticipated retirement of an Investigator and cash-outs for each eligible employee per contractual obligations.
- Technology expenses are increasing due to the following:
  - Anticipates a one-time expense of \$10,000 for eCourt integration with Karpel.
  - \$2000 for annual court integration maintenance fee.
  - \$4000 for additional Karpel case management storage.
  - \$2000 increase for Lexipol contracts.
- Contract Services include the following:
  - Contract with Washoe County, Nevada Sheriff's Office for crime scene investigation, forensic services, and testimony, has been reduced from \$30,000 annually to \$5,358.00 with a portion of that reimbursed by Mammoth Lakes Police Department.
  - \$75,000 for year one of a 2-year contract with Sicuro Data Analytics to comply with our obligations under PC 745, not exceeding \$150,000 in total. PC 745 was enacted to ensure racial equity within criminal charging and sentencing and places the burden on district attorney offices throughout the state to have verifiable data concerning racial equity. Additionally, it is of the utmost importance to the District Attorney's Office that we are treating everyone fairly and equitably, and it is important to root out any unconscious bias that may exist through the data received from the analysis.
- Publications & Legal Notices are increasing to cover the Westlaw subscriptions for each attorney. This also includes the cost of updating each attorney's legal code books, which are several years out of date.
- Special Department Expense: This covers the cost of blood draws and blood alcohol analysis for DUI cases, which are expected to increase based on the previous year's trends.
- Travel/training expenses are increasing substantially due to the return to in-person training requirements previously suspended due to COVID measures. This total amount covers mandatory Continuing Legal Education (CLE) for attorneys, mandatory Peace Officer Standards and Training (POST) training for investigators, as well as certification trainings and basic academies for the new deputy DA and new DA investigator.
- Motor pool expenses are decreasing due to reimbursement by the Victim/Witness grant for three vehicles which are covered under the grant.

### District Attorney-Victim Witness Program (non-General Fund):

- Budget was not included for several expense accounts but will be included in FY 2023-24.
- Budgets for Workers' Compensation, General Liability, and Civic Center rent are no longer included in this budget due to grant guidelines.

### **Update on FY 2022-23 Department Goals:**

- Goals for FY 2022-23 were to carry out essential mandated functions of the Office. These goals were met as cases were handled in an efficient and proactive manner while delivering a high level of service to victims of crime.

### **Goals for FY 2023-24 focusing on Mono County Strategic Plan:**

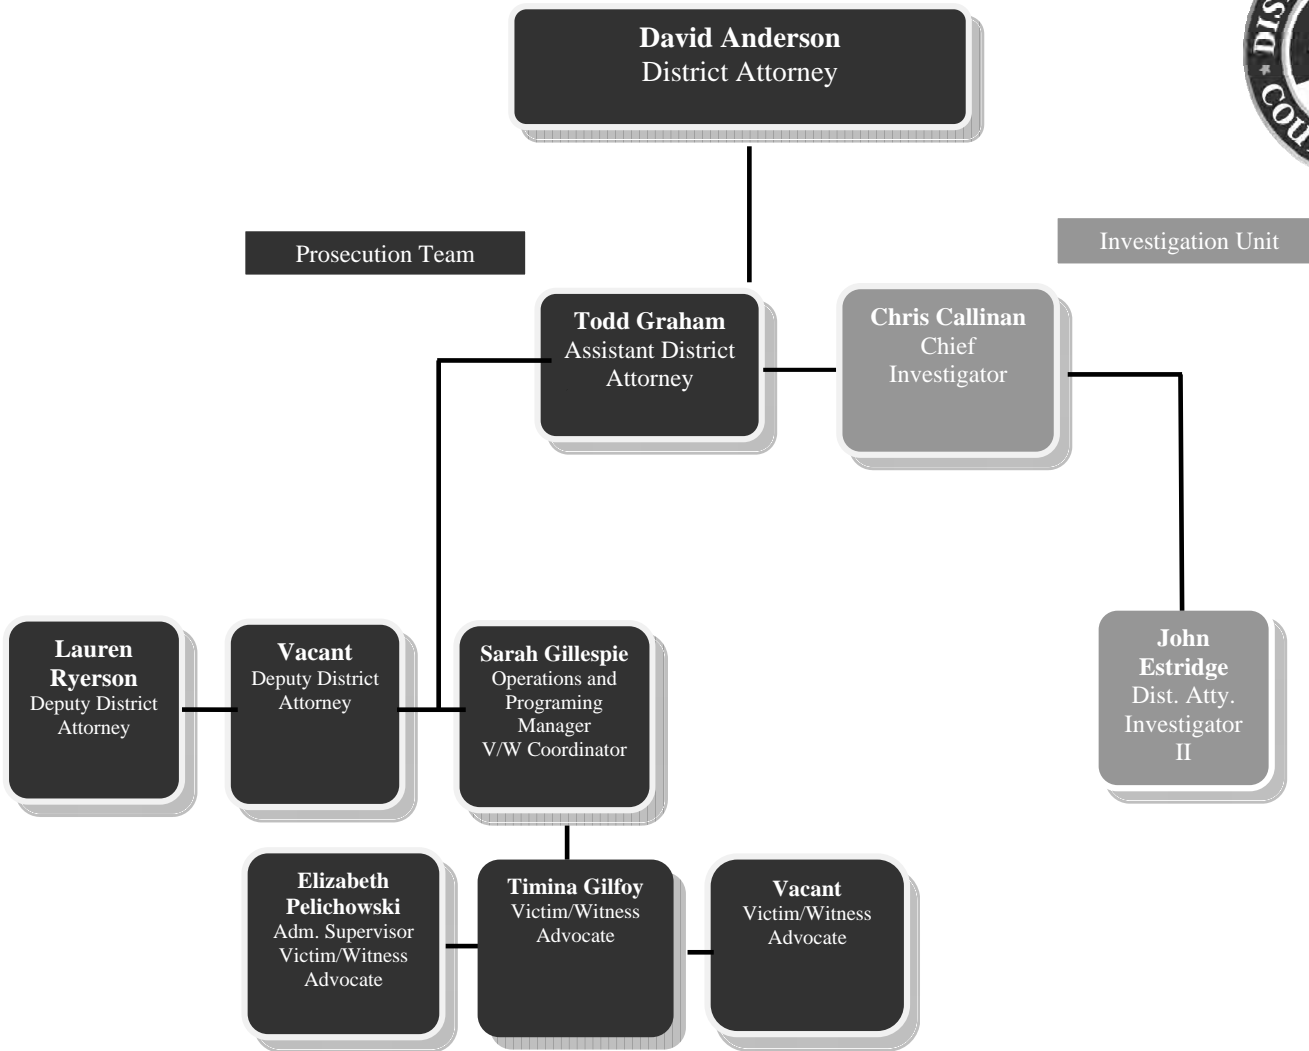

- Begin process of statistical analysis of case data to correct or ensure racial equity within the District Attorney's Office's charging and sentencing decisions. Results of analysis are not expected until FY 2024-25.
- Begin process of establishing an Eastern Sierra Advocacy Center. This is likely a multi-year process which ultimately will likely be grant-funded when the grant becomes available again in 2025.
- Ensure a high level of customer service to victims of crimes.
- Recruit and retain a new Deputy District Attorney. Recruitment was very difficult in FY 2022-23 as we received no applicants outside of current Mono County residents/employees for the first time in known department history.
- Become a more transparent and engaged department with the Community, which includes establishing social media accounts, outreach in the community via forums and events, and continuation of using DA Diversion funds in order to engage the community.

### **Workload data:**

- FY 2022-23 total cases referred – 549
- FY 2022-23 total cases filed – 401
- Total open cases at the end of FY 2022-23 – 549
- Average open caseload per attorney (if all positions filled) - 137

## Significant Variances to Budget from FY 2022-23:

### Economic Development (General Fund):

- Labor Reimbursement decreased by \$20,000 due to labor market conditions and low demand for the Workforce Innovation and Opportunity Act (WIOA) program, as well as limited staff capacity to implement the grant.
- Liability Insurance decreased by \$11,408 due to lower premiums.
- Vehicle Fuel increased by \$800 due to additional travel to trade shows, training events, and conferences with a new staff person, with post-COVID return to in-person formats, as well as new trade show opportunities.
- Motor Pool increased \$1,757 due to additional travel to trade shows, training events, and conferences with a new staff person, with post-COVID return to in-person formats, as well as new trade show opportunities.

### Fish and Game Fine Fund (non-General Fund):

- Special Department Expenses decreased by \$41,117 due to the Board of Supervisors funding three projects in FY 22-23.

## Update on FY 2022-23 Department Goals:

- Completed five business appreciation events in Walker, Bridgeport, Lee Vining, June Lake, and Crowley Lake.
- Completed Community Development Block Grant (CDBG) Cares Act Funding (CV) 1-2-3 grant funds of \$363,622 to qualifying local businesses with financial assistance through forgivable loan program. Grant closeout expected in September 2023.
- Funded by the Golden State Financing Authority (part of Rural County Representatives of California), staff worked with Thomas P. Miller & Associates (TPMA) to create a draft 2023-2028 Eastern Sierra Region Comprehensive Economic Development Strategy (CEDS) with Inyo County, Alpine County, Town of Mammoth Lakes, and City of Bishop. Final version to be submitted to the Board of Supervisors for approval in September.
- Completed two Economic Data reports to the Board of Supervisors using local, state, and federal sources.
- Enhanced the tourism sector by implementing a marketing plan for Fall, Winter, and Spring shoulder seasons. Completed weekly Fall Color reports and sponsorship with CaliforniaFallColor.com. Completed and promoted winter recreation video and partnership with SnowBrains. Ongoing support and advertisement through our social media, public relations (PR),

email newsletter, visitor guide, calendar, tradeshow, websites, and marketing channels.

Launched new "California's Great Beyond" video. Launched new tourism website blog.

- Completed international sales mission with Mammoth Lakes Tourism to India in December. Worked with Mammoth Lakes Tourism (MLT), Bishop Chamber of Commerce (Visit Bishop), Visit California, and the US Travel Association to attend IPW in San Antonio.
- Continued to promote sustainable tourism and advertised Camp Like a Pro (CLAP) campaign. Included messaging in annual visitor guide and on tourism website on wildfire safety, wildlife safety, Mountain Manners, wildflower etiquette, sustainable fishing, dog and pet best practices, and COVID-19 information. Staff participates on the CLAP Education Committee.
- Completed Mono County Trophy Trout Stocking program and delivered 17,460 pounds of fish to 18 bodies of water.
- Worked with the California Department of Fish and Wildlife (CDFW), marina operators, local tackle shops, and stakeholders to address sustainable fishing needs on the East Walker River, Parker Lake, and Rush Creek with possible regulation amendments in 2023-24.
- Continued work to promote Mono County as a film-friendly destination. Provided assistance and secured several productions with companies like Apple, TD Ameritrade, Ralph Lauren, Northface, as well as a Netflix show (postponed due to writer's strike) and scenes for a major motion picture (Flight Risk by Mel Gibson). Completed redesign of FilmMonoCounty.com.
- Provided small business support with grants, loans, and funding opportunities through state and federal partners including Housing & Community Development (HCD), United States Department of Agriculture (USDA), Small Business Administration (SBA), Economic Development Administration (EDA), Governor's Office of Economic Development (Go-Biz), Small Business Development Center (SBDC), Visit California, California Association for Local Economic Development (CALED), and California Travel Association.
- Executed three community grant support programs: Community Event Marketing Fund, Historical Societies Grant, and Performing and Visual Arts Grant. Supported 15 non-profit organizations with various projects and event marketing.
- Funded two projects with non-profit organizations Clean Up the Lake and Wildcare Eastern Sierra through the Fish and Game Fine Fund.
- Created Eastern Sierra Ale Trail with local breweries to promote indoor activities that are not reliant on outdoor recreation, weather or seasonality.
- Created the "Eastern Sierra Trail" (EST) to promote a new itinerary showcasing the best of the Eastern Sierra that includes stops at Death Valley, Mt. Whitney, Alabama Hills, Manzanar, Ancient Bristlecone Forest, Paiute Shoshone Cultural Center, Devils Postpile National Monument, Mono Lake, Bodie State Historic Park, and Yosemite National Park.

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

- Diversify the economy – Develop and implement a plan that identifies opportunities for a flexible economy based on attracting businesses from sectors outside the tourism/recreation industry.
- Enhance and strengthen Mono County tourism sector utilizing responsible recreation messaging – Collaborate with federal and state land management agencies, local agencies, partners, and tourism businesses, to educate visitors regarding sustainable and responsible recreation practices.
- Enhance and strengthen Mono County tourism sector utilizing responsible recreation messaging – Focus tourism marketing efforts on shoulder seasons and less visited locations in the county to grow year-round business levels.
- Enhance and strengthen Mono County tourism sector utilizing responsible recreation messaging – Work with Visit California and Mammoth Lakes Tourism to rebuild international visitation post pandemic.
- Support and retain the existing business community – Continue to provide opportunities for business financial/technical assistance programs through local, state, and federal funding opportunities to aid in the post pandemic recovery.
- Support and retain the existing business community – Create an annual business appreciation event to celebrate Mono County businesses.
- Fisheries – Explore partnership agreement(s) with organizations to enhance and sustain sport and recreational fishing along with long-term ecological considerations.
- Drive overnight visitation to Mono County, focused on Q2, Q3, and Q4 (shoulder seasons), to increase Transient Occupancy Tax (TOT) revenues to 2019 pre-pandemic levels.
- Complete CDBG CV 1-2-3 grant funds of \$300,000 to qualifying local businesses with financial assistance through forgivable loan program.
- Continue to work with marina operators and local business to implement the most cost-effective way to stock fish throughout Mono County.
- Work with regional economic development partners to leverage and implement California Economic Resilience Funds (CERF).
- Complete 2023-2028 Eastern Sierra Region Comprehensive Economic Development Strategy (CEDS) and submit to the Economic Development Authority (EDA) for approval.

## Significant Variances to Budget from FY 2022-23:

### Emergency Medical Services (General Fund):

- Stand-by Fees Revenue increased to include Mammoth Moto Cross and Mammoth Gran Prix, consistent stand-by events for Mono County EMS.
- Salaries and benefits have increased by \$283,000 (7.2%). This is based on a combination of increases and decreases, as described below:
  - Overall, salaries & pension-related costs have decreased due to vacancies created by the retirement of 5 long-time employees who were at the top step and tier 1 Classic pension, then filled with new employees at “A” step and PEPRAs pension benefits.
  - The budget assumes the retirement of one long-time employee during FY 2023-24, and the costs associated with that cash-out is \$40,000.
  - Overtime is projected to increase by \$150,000 over 2022/23 adopted budget. This reflects 20% of salaries, which is a reasonable projection in a 24-7 operation. This assumes staff will take a reasonable amount of paid leave during the year and allows those shifts to be covered by overtime.
- Uniform/Safety Gear is increasing by \$8,000 to purchase three new turnouts for new staff members and replace outdated safety gear as required by the MOU.
- Household Expenses are increasing by \$2,000 to replace worn furnishings at one of the stations.
- Workers’ Comp is decreasing by \$12,000 secondary to continued safety training and meetings to assure safe practices within the Department. More savings are possible with power load systems installed into the ambulances to limit back injuries.
- Liability Insurance decreases by \$38,000 secondary to the abovementioned areas regarding safety.
- Building/Land Maintenance is increasing by \$4,500 to improve the Walker (M1) garage. This cost will include installing an HVAC unit, insulation, and drywall. This garage is not big enough to house the ambulance, but it is where supplies and medications are kept and are not temperature regulated.
- Contract Services – Decreased by \$33,000 with the decision not to outsource billing. In the past few months, we gained access to a system allowing in-house billing to obtain updated insurance information.
- Education & Training – Increased by \$15,000 to achieve the training and classes needed for the new Captains, Training Officers, and EMS Chief. Years of leadership & instructor development have been lost with the retirement of two Captains, one Training Officer, and the loss of our previous EMS Chief to promotion to a different Department within the County. Projections also include the replacement of required training equipment that is outdated.

- Capital Equipment, \$5,000+ – Request of \$162,688 for the following items:
  - Feedback mannequins that train staff with the most up-to-date equipment.
  - Two new power load systems and two new gurneys for existing ambulances, enhancing employee safety.

**Update on FY 2022-23 Department Goals:**

- We continue to not only provide the treatment and skill necessary to promote the best outcome during times when help is needed most, but we also continue to monitor the promptness of our emergency response to the citizens of this County needing our help.
- Two new AEDs were ordered to enhance the coverage of available AEDs throughout the County. They will be installed in appropriate locations when they arrive. Also, all necessary equipment (batteries and monitor/defibrillation pads were purchased to ensure that when these AEDs are needed for an emergency, they are ready to go and functional.
- We have provided MUSD with Heartsaver/CPR instruction for their staff and have also instructed their graduating class on not only the importance of the AED and CPR, but most importantly how to provide those lifesaving measures correctly.
- We continue to work closely with our local fire departments and other agencies by providing medical training, CPR instruction, and instruction on how to not only use the AEDs but also our monitors and other equipment.
- We have been able to acquire the necessary training from the Marine Corps Mountain Warfare Training Center (MWTC) for our new hires, and in turn have been able to provide them with extra medical assistance for their events on base.
- Initiated steps to secure federal funding for the purchase of a new ambulance in the latter part of the 2023-24 fiscal year and will continue to look for grant funding to replace equipment as needed.
- With the retirement of the 2 Captains and 1 other by promotion to Chief, 1 Training Officer, and 1 long-standing staff member, we were able to hire 5 excellent new Paramedics that are all local.
- This winter has been difficult for all in Mono County to varying degrees. But with the closure of Hwy 395 that cut our County in half, staff still found a way to report to their assigned duty stations to assure that none of the stations throughout the County were shutdown. Whether they had to drive 5-6 hours to get there, or stay longer until their relief arrived, there wasn't a single time that this Department wasn't ready to provide the medical aid and service that the citizens of this County depend on.

### **Goals for FY 2023-24 focusing on Mono County Strategic Plan:**

- Continue to focus on training for not only our staff, but for the school districts throughout the County, Fire Departments, and other County agencies. With several new employees, and a new Training Officer, training has never been more important.
- The Director will also continue to attend the classes and conferences to promote the skills and knowledge needed to lead this Department.
- We will focus more on the maintenance and replacement of our fleet.
- The retention and safety of our staff is another priority. Providing them with equipment that will assist with the lifting of our patients into the ambulances will promote their safety, and the patients.
- Working with Public Works to develop a strategy for short-and long-term living quarters for the Bridgeport (Medic 7) staff.

### **Workload data:**

- During FY 2022-23, the Department responded to 2,229 calls.
- During FY 2022-23, the Department transported 1,219.
- 13 Mammoth Unified School District (MUSD) faculty have had certified Heartsaver instruction by this Department.
- Approximately 70 MUSD Seniors received CPR instruction from this Department.
- 24 Mammoth Lakes Fire Department personnel have had certified Basic Life Support (BLS)/CPR instruction from this Department.
- 8 June Lake Fire Department personnel have had certified BLS/CPR instruction from this Department.

## Significant Variances to Budget from FY 2022-23:

### Social Services (non-General Fund):

- The Housing and Disability Advocacy Program (HDAP) revenue has been moved to the Operating Transfers In the budget line item to categorize the transfer appropriately.
- Salary and benefits decreased \$100,746 due to a 22/23 error in offset budgeting in non-workforce accounts, thereby creating an overbudget situation.
- Contract Services has increased \$330,000 (103%) due to a Family First Prevention Service Block Grant.
- Professional & Specialized Services decreased by \$103,778 (39%). Mono County Behavioral Health and Mono County Probation Family Urgent Response System (FURS) funds have been transferred to the Transfer Out account and the Mono County Behavior Health Family First Prevention Services Act (FFPSA) Part IV funding.
- Special Department Expenses decreased by \$71,232 (29%) because Project Room Key funding was not renewed for the 23/24 Fiscal Year.
- Adult Protective Services has a reduction of \$42,768 (29%) due to a reduction of grant funding for the Home Safe program.
- Operating Transfers Out has increased by \$146,536 (293%) because some Professional and Specialized Services have been moved to this account to categorize the expenditure appropriately.

### Social Services Senior Services (non-General Fund):

- Eastern Sierra Area Aging Agency Contract revenue is based on an allocation received from Inyo County. It has been reduced by \$94,861 (41%) due to specific grants ending June 30, 2023, and will no longer be included in the budget.
- Operating Transfers In has been reduced by \$105,277 (33%) due to the Home and Community Based Services Senior Nutrition Infrastructure (HCBS-NI) grant expiration. The HCBS-NI grant was used for the Antelope Valley Senior Center kitchen upgrades and an expenditure offset is recognized in the Special Dept account.
- Special Dept expenses decreased by \$105,227 (96%) due to the Home and Community Based Services Senior Nutrition Infrastructure (HCBS-NI) grant expiration. The HCBS-NI grant was used for the Antelope Valley Senior Center kitchen upgrades.

### Social Services Public Guardian (non-General Fund):

- Operating Transfers In is increasing by \$19,464 (22%) due to Public Guardian having additional responsibilities, thereby increasing the General Fund Contribution amount to balance the Public Guardian budget.
- Membership fees are increasing by \$1,575 (111%) due to an increase in the number of County staff who are members of the California Association of Public Administrators, Public Guardians, and Public Conservators and an increase in the Very Small County Membership Fee.

- Contract Services are decreasing by \$2,467 (12%) based on a reduction of billable hours with S. Hughes Consulting for consulting and technical services in support of the county Public Guardian and Public Administrators Office.

Social Services Administrative Advances (non-General Fund):

- Federal advances decreased by \$355,245 (23%). These revenues are based on an average of prior years' trending lower.
- State advances decreased by \$137,425 (5%). These revenues are based on an average of prior years' trending lower.

Social Services Workforce Investment Act (WIA) (non-General Fund):

- Salaries and benefits are increasing by \$12,000 (40%) due to a projected increase in staff time spent in the program.
- Professional and Specialized services have decreased by \$11,000 (60%) due to an anticipated reduction of Newsletter services provided by Mammoth Lakes Creative.
- Special Department expenses have increased by \$8,307 (21%) due to an anticipated increase in On-The-Job Training reimbursement.
- A-87 Indirect Cost expense has increased by \$1,661 (251%) and is a projection based on prior years.

Public Health (non-General Fund):

- State Home Visiting revenue has increased \$321,591 in order to house a new Maternal Child Adolescent Health Home Visiting Program Grant.
- State Misc. Grants revenue has increased \$393,459 in order to house new grants. This line item contains the Future of Public Health grant, the California Equitable Recovery Initiative grant, the California Strengthening Public Health Initiative grant, and the Disease Intervention Specialist grant.
- State Foster Care revenue has decreased by \$9,990 (50%) due to reduced foster care services needed. Allocations for 23/24 have not yet been released.
- State Immunization Grant revenue has decreased by \$225,666 (43%) due to COVID-specific funding sources that have been utilized and are diminishing.
- Federal CARES Act revenue has decreased by \$772,072 (43%) due to COVID-specific funding sources that have been utilized and are diminishing. This line item contains the Workforce Development grant, The Workforce Development School Immunization Champions grant, Epidemiology and Laboratory Capacity Enhancing Detection grant, and the Epidemiology and Laboratory Capacity Expansion grant.
- Federal Women, Infants, and Children revenue have decreased by \$23,075 (7%) due to a 23/24 projection of lowered expenditures.
- California Children's Services Administration revenue has decreased by \$98,826 (41%) due to reduced state funding. The budget estimate is based on the 22/23 allocation and 23/24 projection, as the 23/24 allocation has not yet been released.

- Operating Transfers In has increased by \$15,976 (12%) and is the offset to the General Administrative Public Health staff costs in the Environmental Health, Bioterrorism, and Public Health Education funds. This budget line item also includes a transfer from the Social Services fund to cover unfunded California Children’s Services costs.
- Salaries and benefits decreased by \$103,297 (5%) due to personnel changes, including funding certain positions less than 100% due to COVID-funding limitations/changes.
- Medical/Dental & Lab Supplies are increasing by \$6,780 (123%) due to increased grant-funded expenditures through the Maternal, Child, and Adolescent Health (MCAH) program, Women, Infants, and Children (WIC) program, and Local Oral Health Program (LOHP), as well as an increase in travel clinic supplies (travel-related vaccines).
- Office Expense is decreasing by \$23,034 (58%) to better align with year-to-date actuals and 23/24 projections.
- Contract Services is increasing by \$303,217 (1685%) to account for the new Maternal Child Adolescent Health Home Visiting Program Grant contract, not to exceed \$300,000, with Mono County First 5 to perform the grant-related scope of services.
- Travel and Training is decreasing by \$87,846 (69%) to better align with year-to-date actuals and 23/24 projections.
- Operating Transfers Out are increasing by \$87,461 (13%) due to the anticipated additional amount needed to cover fund deficits in the Environmental Health, Bioterrorism, and Public Health Education funds.

Public Health Bio-Terrorism (non-General Fund):

- Salaries and benefits show a decrease of \$21,810 (10%) due to Public Health general administrative salaries and benefits being budgeted in Operating Transfers Out instead of a direct salary-benefit to salary-benefit transfer (due to Workforce).
- Contract Services are increasing by \$10,000 (1065%) to account for an anticipated consulting contract funded through the Public Health Emergency Preparedness program.
- Operating Transfers Out is increasing by \$5,679 (29%) due to an anticipated increase in general administration services from Public Health funded staff.

Environmental Health (non-General Fund):

Operating Transfers Out are increasing by \$7,729 (11%) due to an anticipated increase in general administration services from Public Health funded staff.

**FY 2022-23 Department Accomplishments (July 1, 2022-June 30, 2023)**

**Social Services Department Accomplishments**

- Approximately 1 out of every 3 Mono County residents received aid from one or more of Social Service’s **public assistance programs** at some point during the year. The Department assisted 1,169 individuals in supplementing their diets through **CalFresh benefits**. Helped over 4,485

individuals receive healthcare through **Medi-Cal benefits**, 1,433 of whom were children under 18.

- Received and evaluated 197 allegations of **child abuse and neglect**, a 37% increase over last fiscal year. Responded timely 98% of the time (statewide goal is 90%).
- Fielded approximately 60 allegations of **elder/dependent adult abuse and neglect**, a 58% increase over last fiscal year. Responded timely for 100% of all reports that met criteria to investigate. Complied 100% with required face-to-face contacts with Adult Protective Services clients.
- Achieved a 100% percent state compliance rate for conducting timely reassessment of **In-Home Supportive Services (IHSS)** clients, with a #1 ranking in the State.
- Provided over 14,000 **meals to seniors** throughout the county, mostly through home delivery.
- The Department set a goal to improve safety for approximately 10-20 vulnerable seniors through the **Home Safe Program**, a state-funded program which allocates \$250,000 to Mono County to provide direct housing supports to elders involved with Adult Protective Services. During the fiscal year, 18 individuals were served by the Home Safe program. Home Safe funds were used to: purchase groceries/food for 6 individuals; provide 52 weeks of caregiver services for Home Safe participants; pay past-due and current utility bills for 9 Home Safe households (including trash removal, trash fees, electricity, propane, phone, firewood, and stove pellets); pay for long and short-term motel stays for 5 individuals in need of permanent housing; provide rental assistance to an individual to maintain housing for 12 months in duration.
- Provided direct housing supports to families involved in the child welfare system through the **Bringing Families Home program**, a state-funded program which allocates \$250,000 to Mono County. Eight families participated in the Bringing Families Home program. The Program funded 28 months of rent for participant families at risk of homelessness; purchased furniture to make the home suitable for a child for 3 participating families; paid the security deposit for 4 families, allowing them to secure stable housing; and paid for long-term motel stays for 2 families in need of permanent housing.
- **Housing and Disability Advocacy Program (HDAP)** This Program was established in 2016 to assist people experiencing or at risk of homelessness who are likely eligible for disability benefits by providing advocacy for disability benefits as well as housing supports. The Department provided disability benefits advocacy, intensive case management in coordination with Behavioral Health, and a variety of housing assistance for 3 HDAP Clients in FY 2022-2023 decreasing the likelihood of homelessness for these individuals.
- **Family First Prevention Services Act (FFPSA)** is federal legislation that will allow Child Welfare and Probation to draw down Title IVE foster care dollars for prevention (rather than out-of-home placement) to reduce the risk of children being placed into foster care. Mono County opted into a one-time Block Grant (\$375,000) which was made available to counties to prepare

for implementation of FFPSA. These funds were allocated to a variety of prevention interventions including a contract with Wild Iris to provide Supervised Visitation to high-risk families; staffing to maintain a Children’s Well-Being “Dashboard” in Mono County; and Mental Health evaluations for parents involved in the Probation system. Data/outcomes on these expenses will be available at the end of FY 2023-24. Mono County DSS is working on a Comprehensive Prevention Plan (required for future drawdown of Title IVE dollars for prevention) with partners at Behavioral Health, Probation, and the Child Abuse Prevention Council.

- Implemented a **Rural County Emergency Response (ER) Stipend** for 4 Social Workers and 2 Supervisors responsible for investigating reports of suspected child abuse. The stipend is a strategy to recognize the unique demands of rural Social Worker staff who are expected to acquire a wider breadth of expertise, such as ER investigation, than their counterparts in more urban communities where staff specialize in specific areas of practice. The stipend is intended to promote job retention and incentivize future recruitment of rural social workers to Mono County.

This salary stipend has resulted in Mono County Social Worker (SW)’s being recognized for the extra duties they assume in rural areas. The stipend has improved the Department’s recruitment capacity by enhancing SW salaries at a time when there is a severe shortage of child welfare SW’s in California and making Mono’s salaries more comparable and competitive with neighboring counties. The Department experienced two SW vacancies during this FY and the Department was able to fill these positions quickly.

Outcome measures for the Emergency Response enhancement funds have been met and/or on-target to be met: All child welfare SW staff are trained to facilitate Child and Family Team Meetings and implement Safety Organized Practices (SOP) techniques during Emergency Response. Half of the child welfare staff are trained to conduct Child Forensic Interviews, with the goal being that all child welfare staff receive this specialized training.

- Established the consolidated **Public Administrator/Public Guardian/Conservator Office** in the Department of Social Services. The Public Guardian/Conservator provides mandated conservatorship and estate administration services as specified under state law. The Public Administrator manages the disposition of deceased estates for persons without a will at the time of death and without an appropriate/willing person to act as an administrator.
- **Tri-Valley Senior Services:** Enhanced the quality of life for seniors in the Tri-Valley area by expanding and reclassifying the job of the Senior Services staff to allow for more hours to supports to identify and meet the social needs of seniors, which had a positive impact on mental health and isolation prevention for seniors. Increased in-home meal delivery from 2 to 3 days for vulnerable seniors in the Tri-Valley, provided increased transportation to and from medical appointments and other activities of daily living.

During this fiscal year, the Aide started-up a monthly Bingo night at the Chalfant Community

Center which has been a large success with anywhere from 10-25 community members (mostly seniors) participating. This has also become a time for community partners to join and share resources with seniors related to community services, including Mono County nurses to screen seniors for health issues, offer vaccinations, and provide important health outreach (oral health and tobacco cessation included). Lastly, the Aide identified seniors who are eligible for the Access to Technology grant resources such as Grandpads and/or need help navigating technology.

- **Antelope Valley Senior Services:** Staff implemented the Access to Technology Grant which serves to reduce isolation through the use of technology. Deployed 6 GrandPad units to seniors from the Walker area and 2 units to seniors in the Chalfant area. Instructed seniors on how to utilize applications on the GrandPad units, plus ensured units were set up in alignment with their intended use scenario. Staff also continued to partner with Public Health nurses and staff to provide seniors with monthly screenings, information, and connections to services related to medical needs.
- Made progress towards completion of a comprehensive **Community Self-Assessment (CSA)**, required every 5 years under the California Child and Family Services Review (C-CFSR) process, which assessed the effectiveness of Mono County's array of child welfare services by looking at data, getting input from stakeholders, including current and former clients, and getting input from peer counties through case reviews. The CSA will inform the development of system improvement plan goals for the 2023-2028 C-CFSR cycle.
- The federal government lifted **the Continuous Coverage Requirement for Medi-Cal**. The requirement for all Medi-Cal Beneficiaries to complete Medi-Cal Renewals resumed effective April 1, 2023. The department began sending out Renewal Packets to Beneficiaries on April 13, 2023. Eligibility Specialists and Integrated Case Workers began processing Medi-Cal Renewals on 6/1/23 and initiated discontinuances effective 7/1/2023. Department staff processed 147 Medi-Cal Renewals during the month of 6/2023.
- The **California CalWORKS Outcomes and Accountability Review (Cal-OAR)** Continuous Quality Improvement Project was implemented successfully. The Department conducted stakeholder engagement, client satisfaction surveys, and completed the Cal-OAR County Self-Assessment Draft. The assessment included a full analysis of Performance Measures of the CalWORKS and Employment Services Programs offered by the Department. The result of the analysis provides a baseline for goals for improvement during the Cal-OAR System Improvement Plan. The Department established partnerships with Modoc and San Benito Counties for the Peer Review requirement of the Cal-OAR process.
- As part of the Presidential Declaration of Major Disaster with Individual Assistance, the department administered the **Disaster CalFresh Program** in Mono County in 2023. The department processed Disaster CalFresh and issued \$2,618 in federal benefits for Mono County residents.

- **Workforce Innovation and Opportunity Act (WIOA)** The department successfully enrolled 3 individuals and signed contracts with 2 employers in the WIOA On The Job (OTJ) program in 2022-2023. The department issued OTJ payments totaling \$6,000, and provided case management and training, building skills and increasing employability for participants.
- Implemented a **Tri-County VOAD coalition for Mono, Inyo, and Alpine Counties**. VOAD is a partnership with local and statewide non-profit agencies and organizations that share knowledge and resources throughout a disaster cycle (preparation, response, and recovery) to support government and emergency operations in the event of a disaster. The following milestones were met: held planning meetings and a formal Kick-Off meeting for the Eastern Sierra VOAD in June 2022; approved Eastern Sierra VOAD By-laws and Mission Statement; developed a quarterly meeting schedule; voted in an Executive Chair, Vice Chair and Secretary; and membership chose what potential sub-committees are to be established (feeding, mass care, emotional/spiritual care).

## Public Health Department Accomplishments

### Clinic Services:

- Vaccines and screening services including sexual health screening, pregnancy testing, covid testing, and Tb assessments were provided at the Mammoth Lakes Public Health Office. Three new staff were trained to be able to provide a full range of services so that services were provided Monday through Friday including during lunchtimes.
- Services were provided in Bridgeport every Thursday. On Tuesdays, vaccine and testing was provided in other areas of the county including Walker/Coleville, Lee Vining, June Lake, Crowley Lake, Benton and Chalfant on a rotating basis through much of the year until the demand for vaccines and testing decreased in March.

### Covid Related Services:

- The Covid team mobilized in Mammoth and throughout the county to provide updated information, vaccines, and testing along with the provision of home tests, masks and other PPE both to individuals and businesses. Just under 1,000 Covid vaccines were given in FY22-23.
- As treatments became available, Mono County in collaboration with the state implemented a test-to-treat program to make treatment more accessible to rural residents.
- A wastewater treatment surveillance program was also initiated to monitor for SARS-CoV-2 as well as other infectious diseases three times a week and to monitor trends in disease.

### Immunizations- Vaccine Preventable Disease:

- Influenza vaccine was provided throughout the county with over 1,300 vaccines given in FY 2022-23.
- Vaccines for Children and Adults were provided with 162 VFC vaccines given; an

increase from 133 last year. Vaccines for adults without insurance were provided to 43 individuals.

- A worldwide outbreak of Monkey Pox occurred in the last year. Mono County received vaccine and was provided it to 9 individuals.
- A *Shots for Schools* grant to assess for students who have missed required and recommended vaccines over the last few years has been used to identify and inform hundreds of students/families of needed vaccines.

#### **Substance Use Prevention and Treatment:**

- Approximately 355 clients received substance use related resources related to Narcan, tobacco cessation, harm reduction education and information on local harm reduction/substance use services through the Eastern Sierra Substance Use project in collaboration with Behavioral Health.

#### **Oral Health:**

- Oral Health Assemblies were presented at the Antelope Valley, Lee Vining, and Edna Beaman Elementary Schools reminding students of the importance of caring for their teeth. Each child in these schools as well as Bridgeport and Mammoth Elem received an Oral Health Kit, lunch bag and water bottle. Approximately 1,000 kits were provided.
- Information and approximately 200 Oral Health kits were provided at the Kindergarten Round Ups throughout the county, and dental assessments in collaboration with Mammoth Hospital were provided to 25 students in Mammoth.
- A bilingual story hour on the importance of taking care of teeth was provided at the library with about 25 kits given to preschoolers and more kits provided for a resource library for families coming to the library.
- An Oral Health Billboard, Transit Bus board, regular social media and radio spots were used to remind residents about taking care of their teeth.

#### **Emergency Preparation and Response:**

- The Access and Functional Needs Registry was promoted, updated and utilized to check on residents with special needs during winter storms.
- Department staff participated in implementation and extensive promotion of the Zone Haven program, designed to quickly notify residents within a defined zone or area in the county of any alerts or emergencies. Staff also participated in promotion of the ReadyMono website which provided valuable information for resources and recovery especially through the storms of this past season.
- A Neighborfest Program was initiated to increase resilience, relationships, and emergency response readiness within neighborhoods.
- Increased collaboration and strengthened relationships with local/regional/state Office of Emergency Management and other EMS partners.

**Environmental Health:**

- Successfully updated and implemented a Certified Unified Program Agencies (CUPA) Area Plan. This Area Plan is a requirement of CalEPA and the California Office of Emergency Services.
- Effectively worked with a variety of internal and external partners to implement an updated fee schedule for Environmental Health services.

**Public Health Equity:**

- Increased knowledge of equity principles and the use of equity tools through trainings for county and health department staff: Hispanic/Latinx Heritage Month, Disability Awareness Panel Discussion, 2SLGBTQIA+ Language, The Impact of Intergenerational Trauma on the Two-Spirit & Native LGBTQ+ Community, GARE Racial Equity Toolkit in Program Planning.
- Completed county-wide racial equity survey, providing baseline equity measurements, and highlighting areas for improvement.
- Increased partnerships with historically marginalized populations and community-based organizations (Wild Iris, Eastern Sierra Pride, and 2SLGBTQIA+).

**FY 2023-24 Health and Human Services Goals (July 1, 2023-June 30, 2024)**

1. Establish new 5-year Goals for the 2023-2028 Child Welfare System Improvement Plan and begin implementation.
2. Complete the Family First Prevention Services Act (FFPSA) Comprehensive Prevention Plan in collaboration with Community System of Care partners.
3. With the consolidation of Social Services and Public Health into the Department of Health and Human Services, establish a coordinated outreach and prevention plan to target and prioritize health/wellness messaging and programming, in partnership with Behavioral Health.
4. Access to Technology Grant – Following the initial roll-out of this initiative in the most isolated areas of Mono county (Walker/Coleville and Tri-Valley areas), work with Behavioral Health and other partners to identify at least 5-10 seniors in the Mammoth Lakes region to provide one-on-one technology support to reduce isolation. Identify communities of seniors that would benefit from group and individual sessions to address common themes within technology (how to use my device/phone/laptop; how to stay secure on the internet, and how to identify and avoid scams/phishing).
5. Complete Medi-Cal Continuous Coverage Requirement Renewals for all 4,000 Medi-Cal Beneficiaries in Mono County by completing an average of 177 Medi-Cal Renewals per month during FY 2023-24.

6. Issue a monthly community newsletter from the Eligibility Division with Medi-Cal program updates and post to our Mono County social media accounts. Receive updated contact information for MediCal recipients from the county Medical Navigator, Community Service Solutions (CSS). CSS conducts outreach and helps clients apply for MediCal. Coordinate with Managed Care Plans operating in Mono County and other stakeholders on a bi-weekly basis; obtain updated contact information for our recipients.
7. Continue progress in the 5-year cycle of the California CalWORKs Outcomes and Accountability Review (Cal-OAR) Continuous Quality Improvement (CQI) Program. Complete at least two Host Reviews and two Peer Reviews with Modoc County and San Benito County. Draft the System Improvement Plan (Cal-SIP) and Obtain Mono County Board of Supervisors Approval.
8. Workforce Innovation and Opportunity Act (WIOA). Expand the number of individual and employer participants, improve outreach efforts, collaborate with the Kern, Inyo, Mono Workforce Development Board to explore development of additional programs and opportunities.
9. Employment Services - Complete step by step guidance for Integrated Case Workers to use in their engagement of Welfare to Work Participants. Develop and implement a Work Experience Program and the Expanded Subsidized Employment Program. Establish monthly Job Skills classes and creative Job Development opportunities.
10. Continue to recruit and grow the membership of the Eastern Sierra VOAD (Voluntary Organizations Active in Disasters); Establish Committees for like-minded agencies and establish resource list for services VOAD can offer (e.g., volunteers for feeding, mass care, emotional/spiritual care, etc.); plan and schedule trainings for VOAD committees.
11. Conduct a Community Health Needs Assessment with a special focus on underserved areas and vulnerable populations. Use the results to guide future fiscal and program efforts.
12. Improve Public Health clinical protocols, supervision, and training to develop a more comprehensive system of care for our community focusing on underserved populations.
13. Continue to collaborate with Behavioral Health on harm reduction/substance use interventions such as enhancing substance use data and developing strategies to reach isolated clients through community health outreach.
14. Work with stakeholders in unincorporated Mono County on creating smoke free multi-unit housing.
15. Explore enforcement barriers and opportunities related to passage of an ordinance creating smoke free multi-unit housing.
16. Implement a school-linked dental screening, referral, and sealant program in elementary schools within the county.

17. Continue to prevent and control vaccine preventable disease through the promotion and provision of vaccines for children and adults.
18. Improve client services by developing an in-house Public Health Electronic Health Record in coordination with the IT Department.
19. Implement and track use of equity toolkits by staff in program planning, and increase community engagement and input in program planning.
20. Participate in coordinated statewide efforts (beginning with training) with our county partners and others to work toward an intentional shift to a trauma-informed, anti-racist, anti-stigma, and implicit bias-aware culture in county California Work Opportunity and Responsibility to Kids (CalWORKs) and CalFresh programs. This effort is geared towards positive outcomes for child and family health and well-being.
21. Continue to improve and promote preparation and response of communities for emergencies through educating, monitoring vulnerable populations, increasing outreach, and collaboration and communication with our partners.

## Significant Variances to Budget from FY 2022-23:

### Tech Refresh Information Technology:

- The Special Department Expense budget includes funding to create a Zoom Room in the Bridgeport Board of Supervisors closed session chamber.

### Information Technology Radio (General Fund):

- The telephone/communications budget is increasing to cover expenses for connection to Digital 395 for remote locations, including repeater sites and the new CRIS radio system.
- Rents and leases are increasing to cover the costs of repeater sites previously budgeted in other budget units.

## Update on FY 2022-23 Department Goals:

- Completed several projects that furthered the maturity of the County's information security, including retaining resources to assist with monitoring for and responding to incidents.
- Preparing for the implementation of the statewide CRIS radio system in Mono County
- Furthered staff capability through hiring, retention, training, and development
- Supported the implementation of new critical business systems in Probation, Clerk-Recorder, Behavioral Health, and Laserfiche as an enterprise record management system
- Completed the implementation of the Mono Lake Conference Room A/V in the Civic Center

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

- Continue to enhance existing broadband access/affordability in Mono County by leveraging the Federal Funding Account grant and other grant opportunities.
- Further staff capability through hiring, retention, training, and development
- Complete the implementation of the statewide CRIS radio system in Mono County
- Implement door access controls on all main county buildings
- Support the implementation of new critical business systems in Clerk-Recorder, and Behavioral Health.

**Workload data:**

- Received and closed 2,664 support requests in FY 22/23.
- Onboarded 35 projects in FY 22/23.
- Life cycle replacement of approximately 80 end-user PCs and infrastructure devices in FY 22/23.
- Managed and maintained 539 PCs, and network/servers/storage devices.

## Significant Variances to Budget from FY 2022-23:

### Probation (General Fund):

- Salaries and Benefits are increasing by \$361,283 (25.7%) due to including full funding for all allocated positions for FY 2023-24, including filling two vacant positions under hard-to-fill authorization.
- Vehicle Fuel is increasing by \$5,000 (33%) due to more training being held in person in 2023-24, increase cost of fuel, 14 cents per gallon added for fuel system surcharge, and filling two vacant allocated positions will increase travel for core training.
- Motor Pool is increasing by \$56,802 (98%). Of which \$36,400.00 is from the new annual contribution fee. The additional increase is for more travel for in-person training and in-person home contacts with probationer's post-pandemic.

### Juvenile Probation (General Fund):

- Title IV-E Revenues are decreasing by \$3,500 (58%) due to currently having no Juveniles in placement.
- Youthful Offender Block Grant (YOBG) Transfer In is increasing by \$15,000 (300%) due to reduced Title IV-E revenues and increased food, fuel, and motor pool expenses.
- Food Expenses are increasing by \$1,300 (108%) due to the increased cost of bottled water and increased usage at both offices.
- Vehicle Fuel is increasing by \$2,700 (56%) due to more in-person training in 2023-24. The increased cost of fuel, .14 cents per gallon added for fuel system surcharge, and filling one vacant allocated position (Juvenile Officer/School Resource Officer) will increase travel for core training.
- Motor Pool is increasing by \$5,000 (100%). The additional increase is for more travel for in-person training and filling vacant allocated Juvenile Officer/School Resource Officer.

### Probation Community Corrections Partnership (CCP) (non-General Fund):

- Base revenues are increasing by \$80,540 (8.7%). The increase is due to growth in sales tax revenues to the State.
- Operating Transfer Out is increasing by \$100,000 (400%). CCP Executive Committee approved assisting with bond debt service for the replacement jail project.

### Probation Youthful Offenders Block Grant (YOBG) (non-General Fund):

- Revenues are decreasing by \$17,613 (13%). This is partly due to FY 2022-2023 estimated revenues being too optimistic and anticipating higher sales tax revenues allocated to YOBG. The amount of estimated growth is lower than in recent years.
- Technology/Software is increasing by \$8,708 (435%) for the Juvenile portion of the case management system annual fee.
- Professional and Specialized Services is increasing by \$5,000 (67%) to provide counseling services to Juveniles.

- Special Department Expense is decreasing by \$7,500 (25%) due to reducing the funds budgeted for Community Work Service Program for Juveniles.
- Operating Transfers Out is increasing by \$3,000(18%) to offset reduced revenues in Title IV-E for Juvenile Probation General Fund.

Probation SB678 (non-General Fund):

- Revenues are increasing by \$29,890 (13%). AB 200 (2022) extends the statutory formula freeze through 2023-24. Funding is consistent with FY 2021-22.
- Technology/Software is increasing by \$29,025 (100%). This expense is a portion of our case management system annual fee. Last year it was fully paid by the pretrial program.
- Professional and Specialized Services is decreasing by \$10,000 (20%). FY 2022-2023 included costs for a file scanning contract that was completed.
- Special Department Expense is increasing by \$7,500 (30%) for a community service program for probationers with community service terms and conditions. Examples of some projects include painting and landscaping the Bridgeport Probation Office and painting the Bridgeport Paramedic Station. Projects were started last summer and will be completed this summer.
- Operating Transfers Out decreased by \$28,000 (22%), as this amount was for a 1-time purchase of a vehicle in FY 2022-23.

Probation Juvenile Justice Crime Prevention Act (JJCPA) (non-General Fund):

- Salaries and Benefits are increasing by \$6,530 (20%) to help offset costs for Juvenile Officers. Special Department Expense is increasing by \$12,474 (81%) to fund Juvenile related expenditures typically budgeted in YOBG, freeing YOBG funds to transfer to the Juvenile Probation General fund.

Probation Drug Court Enhancement Grant (non-General Fund):

- Revenues and expenditures are not included in the FY 2023-24 budget, as the Drug Court Enhancement Grant ended December 31, 2022.

Probation SB129 Pretrial (non-General Fund):

- Revenue is decreasing based on multi-year one-time funding received in previous years.
- Salaries and Benefits are increasing by \$44,111 (28%) due to increased numbers of pretrial clients on supervision and increased time spent by our Behavioral Health Services Coordinator with mental health evaluations and therapy.
- Technology/Software expenses decreased by \$103,055 (88%). Pretrial revenues were budgeted to assist with purchasing our new case management system; the initial cost was paid entirely in FY 2022-2023. The amount budgeted for FY 2023-2024 is to assist with the annual software fees.

Probation Juvenile Justice Realignment Block Grant (SB 823) (non-General Fund):

Juvenile Justice Realignment Block Grant (DJJ Realignment): Purpose – to provide county-based custody, care, and supervision of youth who are realigned from the state Division of Juvenile Justice or who were otherwise eligible for commitment to the Division of Juvenile Justice before its closure. Allocation – 50% adjudications for “DJJ-eligible crimes”; 30% prior admissions to DJJ; 20% population ages 10-17; minimum \$250,000 base per county. Welfare and Institutions Code section 1990.

This year we do not anticipate needing to allocate funds for county-based custody, care, and supervision of youth committed to a juvenile long-term secure care facility. We will continue to build the fund balance for potential future commitments.

The Office of Youth and Community Restoration (OYCR) advised funds can be used for any purpose so as to assist youth from being committed to a secure care facility.

**Update on FY 2022-23 Department Goals:**

Enhance the Quality of Life for our Children by collaborating with justice partners and community members to ensure systems and programs are implemented to minimize the number of youth involved in the justice system by:

- Expanding the Proposition 64 Cohorts 2 and 3 Afterschool Program to north county Eastern Sierra Unified School District.
- Expanding behavioral Health Services through contracted counselors in north and south county.
- Continue-ing engagement with the community and schools to provide prevention services (e.g., Health and Safety Fair, Every 15 minutes, County Fair, Law Related Education, etc.).

**Additional update on FY 2022-2023 Department Goals**

- Migration and implementation of the new case management system is complete.
- Record retention and destruction project is complete .
- Continue to collaborate with justice partners to ensure youth receive early services and supportive care.
- Foundation building for transitional housing and community support program for FY2023-2024.
- To view additional goals and objectives, please see the Mono County Community Corrections Partnership Annual Plan.

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

Probation Services will continue its focus on the 2022-23 Department Goal and Objectives.

Enhance the Quality of Life for our Children by collaborating with justice partners and community members to ensure systems and programs are implemented to minimize the number of youth involved in the justice system.

### Workload data:

95% of pretrial defendants appeared for court

The pretrial caseload averages 30 defendants per month.

45 referrals were made to Behavioral Health.

225 appointments were made with the North American Mental Health Services (NAHMS).

Probation ensured that:

- 98% of clients on adult probation completed their probation without being convicted of new crimes.
- 100% of clients on Mandatory Supervision completed their supervision without being convicted of new crimes.
- 100% of clients on Post Release Community Supervision completed their supervision without being convicted of new crimes.

## Significant Variances to Budget from FY 2022-23:

- **Facilities (General Fund):**
  - Rental revenue is increasing due to more in-person events being scheduled.
  - Travel and Training are increasing due to new staff and ensuring existing staff are trained in new systems and updated code requirements.
  - Consulting Services are increasing as Engineering does not have time to work on Facilities projects. Additionally, the impact of the winter storms on facilities increases the demand.
  - Equipment maintenance and repairs are increasing in order to be able to maintain aging.
  - Increase in IT costs to provide all employees capacity to do their own timecard entry.
  
- **Engineering and State and Federal**
  - Prop 1B revenue reflects projects planned for FY 2023-24.
  - STIP funding revenue reflects project worked planned for FY 23-24.
  
- **Road Fund (non-General Fund):**
  - Contract Services are being increased for mechanical work. Newer machines and vehicles often need proprietary repairs, and extreme use causes need for more maintenance.
  - Interfund revenue is decreasing, as the revenue (and corresponding expenditures) associated with fuel for the Motor Pool is now included in the Motor Pool budget.
  - Capital Equipment purchases are part of the Board discussion around the use of one-time funds and are not yet included in the departmental budget.
  - Increase of one-time funds for \$250,000 from Fund 194 Local Assistance for Storm Repairs.
  - Increase in IT costs to provide all employees capacity to do their own timecard entry.
  
- **Fleet (non-General Fund)**
  - One-time funds for Ambulance replacement from Fund 194 Local Assistance.
  - Increase in IT costs to provide all employees capacity to do their own timecard entry.
  
- **Airport Enterprise Fund:**
  - State and Federal Revenues are projected to decrease due to no state or federal projects scheduled.
  - Revenues are scheduled to decrease due to inoperable airport fuel systems.
  - Building/Land Maintenance and Repair is increasing due to the need to repair large cracks at the Lee Vining Airport.

- **Solid Waste Enterprise Fund:**
  - Tipping fees (revenues) are increasing by \$400,000 (40%) due to new tipping fee rates and slightly more tonnage than projected the previous year.
  - Miscellaneous revenue is decreasing by approximately \$50,000 (91%) as our metal stockpiles are not worth as much on the commodities market.
  - Uniforms and safety gear is increasing by \$4,000 (80%) so that all staff can be appropriately equipped with personal protective equipment, which includes specially designed items for landfill workers.
  - Equipment maintenance and repairs are increasing by \$15,000 (21%) due to an aging heavy equipment fleet getting heavy usage.
  - Contract Services are increasing by \$66,000 (19%) due to new contracts providing comprehensive solid waste services and including annual adjustments in line with the Consumer Price Index and Producer Price Index.
  - Professional and specialized services are decreasing by \$53,000 (26%) due to less need for consultant assistance with reports and documents in the coming year. This budget amount is more consistent with the FY 2020-21 budget.
  - Special Department Expenses are decreasing by \$245,538 (67%) as efforts are being made to reduce expenses and spread the development of Pumice Valley over several years instead of all at once.
  - Operating transfers out are decreasing by \$30,000 (100%) due to landfill closure funds being moved through a separate account.
  
- **Solid Waste Special Revenue Fund:**
  - Landfill closure costs are decreasing by \$50,000 (100%) as the funds will be re-directed to Pumice Valley Landfill development.
  - Operating transfer out is decreasing by \$500,000 (100%) due to funds being utilized in operations rather than set aside for accelerated closure.
  
- **Solid Waste Accelerated Landfill Closure Fund (non-General Fund):**
  - Operating transfer out is decreasing by \$150,000 (100%) as those funds will be directed to Landfill development and operations at Pumice Valley Landfill.
  
- **Motor Pool:**
  - Salaries and benefits are increasing by \$19,274 (6%) due to regular promotions and salary adjustments.
  - Equipment maintenance and repairs are increasing by \$34,000 (14%) due to an aging fleet with increased maintenance demands and supply costs.
  - Capital equipment is decreasing by \$120,000 (70%) as capital equipment needs have mainly been addressed in the previous fiscal year.
  
- **Conway Ranch (Public Works) (non-General Fund):**

- Contract services are increasing by \$31,500 (61%) as these expenses are directly related to one-time project expenses related to grant funding.
- Other government agency revenue is decreasing by \$50,000 (100%) as this was one-time grant revenue acquired the previous year.
- Operating transfer in is increasing by \$22,953 (60%) due to the cattle grazing contract revenue rising with additional animal unit months as previously authorized.
- **CIP**
  - Prop 68 revenue and expenses to reflect the projects planned for FY 2023-24, amount of approximately \$400,000.
  - Courthouse fund revenue and expenses to reflect restoration and paint at Courthouse amount of approximately \$375,000.
  - Clean California Funds revenue and expenses to reflect construction of approximately \$307,000.
- **Sustainable Outdoors and Recreation**
  - Increase in purchasing for Personal Protective Equipment to meet OSHA guidelines.
  - Variation in part time crew costs due to late start after winter.
  - Increase in contract work due to winter damage.

## FY 2023-24 Department Goals:

- **Roads**
  - Develop better operations to provide better snow removal service, including strategies to deal with Highway Closures.
  - Develop strategies for faster equipment repairs including coordination with Town of Mammoth Lakes on parts availability.
  - Work with Engineering to develop more permanent repairs on areas that wash out frequently.
- **Facilities**
  - Acquire system in Facilities to track and monitor work orders. Develop the Facilities department to include predictive analysis of potential failures on long lead items such as roofs and HVAC equipment to meet sustainable objectives in support of the County Workforce and services.
  - Purchase software extension to support added use of county facilities for special events.
  - Continue on path toward construction of new jail and stay on target for completion in Fall of 2025, including immediate work to Complete demolition of the existing Hospital at the New Bridgeport Jail Site.
  - Complete improvements to the Civic Center as noted on the strategic plan Focus diagram to increase access to services.
  - Work with partners such as the Town of Mammoth Lakes to support improvements in quality of life in their affordable housing programs.
  - Complete small-scale maintenance and improvement projects as identified in Facilities budget.
  - Implement grant-funded projects including Prop 68 and CSA projects to offset labor costs within Facilities Division.

- 
- Incorporate requested work into Community Services Areas.
  - **Engineering**
    - Using Pavement Management System, develop clear program for long-term maintenance of Mono County Roads.
    - Expand Engineering capacity to improve safety with Mono County Roads, Bridges and Airports.
    - Continue to implement County-wide road improvement projects as funding opportunities present themselves.
    - Develop clear program for maintaining Zones of Benefits.
    - Incorporate SB1 funding into county road preservation projects.
    - Continue work toward rehabilitation of Eastside Lane and Benton Crossing Road.
    - Initiate Bridge replacement program.
    - Increase efforts to support Airport maintenance and repair funding.
    - Support Emergency Medical Services in replacement of MEDIC 7 building which is presently located at the New Jail Site.
    - Prepare new Project Study Reports on projects within a 5-year outlook.
  - **Solid Waste**
    - Monitor and adjust operations to continue to meet the needs of solid waste removal.
    - Continue remediation of the Benton Crossing Landfill through December of 2027.
    - Continue Development of Pumice Valley for its expanded operations.
  - **Fleet**
    - Reevaluate Fleet, Motor Pool, Heavy equipment to be sustainable supporting strategic focus on Quality of Life and a reduction of carbon footprint and supporting public safety aiding in emergency operations and response times, and further improve fiscal resiliency.
    - Implement and execute a centralized maintenance strategy for the County's fleet of pool vehicles and equipment.
    - Develop internal purchase request system to make sure all departments conform to Fleet Policy.
  - **Sustainable Outdoors and Recreation**
    - Continue to build program following the direction provided by the Board.
    - Search for and apply for grants to continue to support the recreation program.

---

## Goals for FY 2023-24 focusing on Mono County Strategic Plan:

- Safe and Affordable Housing – coordinated with Town of Mammoth Lakes to include SB1 funding to support the Shady Rest affordable housing development, through efforts by the Engineering Division.
- Continue to develop County Road Safety Plan, maintenance and restoration of infrastructure through Engineering Division.
- Preservation of Lands and Quality of Life for Children efforts to increase through the Sustainable Outdoors and Recreation Division.
- Roads Division to work on strategies to support Emergency Preparedness, including getting new snow removal equipment, prepare for Highway 395 road closures and strategies for repairs in winter conditions.
- Roads Division to work with the Forest Service in support of their programs for Fuel Reduction in support of Preservation of Lands.
- Facilities continue strategies to support other departments in Winter efforts in maintaining and operating Emergency Shelters.

## Significant Variances to Budget from FY 2022-23:

### Sheriff (General Fund):

- Salary and Benefits increased \$851,755 (18%) due to increases in PERS and Health benefits and the recently ratified contracts of two Lieutenants and the Undersheriff.
- Workers' Compensation has decreased by \$47,868 (7%) due to reduced claims.
- Technology expenses have increased \$64,939 (91%) due to an increase in Tech Refresh, security camera upgrades to Bridgeport and Crowley Sub, and an upgrade to the WatchGuard body-worn camera system, new E911 system, and AT&T modems for nine vehicles.
- Technology Software increased by \$39,348 (44%) due to state-mandated civil portal software and license plate reader (LPR) licensing and maintenance.
- Professional and Specialized Services increased by \$19,000 (20%) due to increased autopsy and toxicology services fees.
- Travel and Training increased \$38,200 (33%) due to adding POST Academy training for two promoted Correctional Deputies and the increase in travel costs for mandatory and job enrichment training.
- Vehicle Fuel increased by \$72,000 (41%) due to under budgeting of FY 22/23, an increase in fuel costs, and the addition of a Fuel System Surcharge (.14 per gallon).
- Motor Pool increased \$65,148 (10%) - rates and estimated mileage are determined by public works. The total MCSO budget projection (\$808,562.88) was reduced for SAR, Boat, OHV, Court, and Jail allocations.
- Capital Equipment one-time budget request of \$55,600 for an evidence locker upgrade in Bridgeport and Crowley, an Aardvark tactical interior drone, and an Alaska Bulkhead for a new patrol boat.

### Sheriff-Jail (General Fund):

- Other Govt Agency Revenue is increasing by \$33,114 (8%) for Town of Mammoth Lakes Dispatch fees.
- Salary and Benefits are increasing by \$325,871 (14%) due to the recently ratified Correctional Deputies Sheriff's Association MOU.
- Workers' Compensation has increased by \$22,844 (68%) due to increased claims.
- Liability Insurance has increased by \$67,277 (327%) due to a favorable judgment on a medical malpractice lawsuit.
- Equipment is decreased by \$31,000 (61%) due to one-time purchases budgeted in FY 22/23.

- Travel and Training have increased by \$30,900 (38%) due to new hire employees' mandated training.
- Motor Pool has increased by \$17,128 (19%). Public works determine rates and estimated mileage.
- Utilities increased by \$29,440 (55%) to accommodate rate increases.

Sheriff Court Security (non-General Fund):

- Equipment is decreasing by \$12,000 due to one-time purchases budgeted in FY 22/23.
- Travel and Training are increasing by \$11,900 to accommodate new employees, 832 PC training, Court Security Seminars, and in-house group training.
- Vehicle Fuel is increasing by \$1,000 to cover Public Works fees.
- New State funding for Early Access and Stabilization Services in the amount of \$200,000, which will be used to "unfreeze" two positions with this funding.

Sheriff-Boating Law Enforcement (non-General Fund):

- Salary and benefits have changed to reflect a shift in a portion of overtime expenses into permanent salaries. The program currently operates with one patrol boat, creating less overtime need.
- Travel and Training – In-house trainings and no scheduled in-person trainings for FY 23/24 require a reduced budget of \$6,000.

Sheriff Inmate Welfare (non-General Fund):

- Revenue is decreasing by \$10,500 (39%) due to reduced inmate phone card commissions.

Sheriff's Office CalAIM PATH Grant (non-General Fund):

- New revenue of \$50,000 for the new California Advancing & Innovating Medi-Cal (Cal AIM) Initiative. Providing Access and Transforming Health Supports (PATH) funding authorized by AB 133 (Chapter 143, Statutes 2021).

Sheriff's Office Medication Assisted Treatment (non-General Fund):

- This grant will be expended in FY 23/24.

Sheriff Wellness and Mental Health Grant (non-General Fund):

- Revenue received in 2022-23 will be recognized in FY 2023-24 per Assembly Bill 178, Chapter 45, Statutes of 2022, Item 5227-121-0001. Mono County Sheriff's Office received \$20,000.
- Professional and Specialized Services of \$20,000 will be used for counseling and wellness services for all Sheriff's Office employees.

Update on FY 2022-23 Department Goals:

- Participate as needed in construction of new Jail.
- Continue to create safe and healthy communities by maintaining day to day operations of the Sheriff's Office.
- Continue progress toward building the Jail.
- Partner with Behavioral Health and Emergency Medical Services to implement the Crisis Response Team.
- Hire qualified candidates to fill vacant Correctional Deputy positions.
- Promote existing Correctional Deputies to Deputy Sheriff.
- Seek training opportunities for all staff to meet mandates and to enhance career development.

**APPENDIX II.**

**BUDGET POLICY**

## **INTRODUCTION**

The most crucial policy setting action the Mono County Board of Supervisors performs every year is the adoption of a balanced budget. The budget development process takes months and requires collaboration from all its operating departments as well as the Board of Supervisors to propose an integrated spending plan that delivers public services for twelve months. The process includes an estimate of taxpayer resources available for appropriation. These revenues set the limit for required and discretionary spending that support public service delivery efforts. The budget communicates to our citizens their government's priorities for meeting community needs. Yet, budgetary decision-making must support only those efforts that are sustainable and fiscally responsible. The budget focuses all County efforts and ultimately drives employee behavior and decision making.

A budget policy is a shared understanding establishing goals aimed at allocating public resources that efficiently and effectively provide services to citizens and visitors within the County. While not all our shared goals are achievable every fiscal year, the existence of such goals serve to guide the Board of Supervisors in its decision-making. One of Mono County's Strategic Goals is to be fiscally resilient. This demonstrates the importance of financial sustainability beyond adopting a balanced budget as required by law in the County Budget Act. Instead, Mono County aims to adopt a structurally balanced budget where recurring revenues are equal to recurring spending. Once achieved, annual budget surpluses will fund reserves and one-time expenditures. Mono County's objective is to achieve and maintain explicit reserve balances equal to 25% of average General Fund spending.

The County of Mono developed its budget policy out of the experiences of the last three decades. We recognize that maintaining a conservative budget approach and prudently addressing unfunded liabilities while also ensuring the fiscal sustainability of the County's workforce and rebuilding adequate reserves are vital to sound fiscal management and achieving the Mono County Mission: to support all our communities by providing superior services while protecting our unique rural environment.

### **I. BALANCED BUDGET**

The County is required by state law to adopt a budget that is balanced. This means that total appropriations (or annual spending) cannot be more than estimated resources, which includes beginning fund balance plus anticipated revenues). This is the minimum criteria for budget adoption.

The County's goal is to adopt a structurally balanced budget which means that ongoing revenues are at least equal to ongoing spending. This ensures continuation of current services despite cyclical downturns in revenue streams. The elimination of reliance on fund balance to legally balance the budget is a key step towards achieving fiscal resilience.

## **II. RESERVE BALANCES**

Establishing and maintaining adequate reserve balances ensures the County retains the fiscal ability to maintain essential public services when events such as cyclical economic downturns cause temporary revenue losses. Given Mono County's tourism-based economy, the recommended minimum level of reserve balances is 25% of average annual general fund spending. Additional specific reserve accounts should be established as the need for future resources arises to pay for long-term capital, facility, and infrastructure projects.

- A. Establish and maintain a general reserve balance of at least 10% of the average annual general fund expenditures. The purpose of the general reserve balance is to provide spending resources in case of emergencies, as enumerated in Government Code Section 29127 of the County Budget Act. The general reserve is to be carried forward in the budget from year to year. Except in cases of legally declared emergencies, the general reserve is established, cancelled, increased, or decreased only at the time the budget is adopted.
- B. Establish and maintain an economic stabilization balance of at least 15% of the average annual general fund expenditures. The purpose of the economic stabilization balance is to provide resources to support the workforce and the delivery of essential public services during an economic downturn having a negative effect on the County's revenues.
- C. When the fiscal year budget permits, the Board will consider placing prior year unspent expenditure contingencies and any portion of the prior year fund balance in the economic stabilization reserve.
- D. As resources become available, the Board of Supervisors will establish additional reserve accounts for the purpose of accumulating funds for specific long-term purposes such as retirement of long-term debt, paying down unfunded liabilities, paying for facility improvements, and funding infrastructure replacement or expansion projects.

## **III. EXPENDITURE CONTINGENCY ACCOUNT**

Each budget shall establish an appropriation for expenditure contingencies at a minimum level of 1% of the budgeted general fund expenditures (but not to exceed 10% of total appropriations) in each fiscal year for unanticipated expenditures. All expenditures from the contingency account are at the discretion of the CAO and Board of Supervisors. As required by State law, any transfer of contingency to another budget unit within the General Fund requires a 4/5ths vote of the Board of Supervisors. For more detail on the expenditure contingency appropriation, please see the General Fund Contingency Appropriation Policy.

## **IV. GENERAL FUND CONTINGENCY APPROPRIATION POLICY**

It is observed that the absence of a specific General Fund (GF) Contingency Appropriation policy contributes to over-estimating of budgeted expenditure amounts and leads to a widening gap between fiscal year budgeted appropriations and actual expenditures where budgeted appropriations at the account level exceed actual expenditures by more than five percent. It is also believed this situation artificially increases the GF structural budget deficit and impacts the Board of Supervisors (BOS) financing decisions. While the County's past budget policy requires adoption of a GF Contingency Appropriation account at a minimum level of 1% of the budgeted GF expenditures, it provides no guidance about the use of this contingency balance during the fiscal year.

This General Fund Contingency Appropriation policy is designed to provide GF departments with the framework to tighten budgetary cost controls at the account level for the purpose of achieving a structurally balanced budget. The objective is to establish and maintain a GF contingency appropriation in each year's budget to accommodate unexpected increases in expenditures, which could not have reasonably been anticipated at the time the budget was developed. It is to provide a margin of safety and a source of temporary funding to GF departments to encourage an attitude of cost control within each account. It is further intended to promote collaborative teamwork in managing the finances of the County's GF.

This section of the policy has five elements as noted below:

1. Scope
2. Compliance with applicable Government Code (GC) sections
3. Establishing the contingency appropriation
4. Use of the contingency appropriation

#### 1. Scope

This policy applies only to the County's General Fund.

The contingency appropriation is not a contingency reserve. A contingency reserve is a budgetary provision setting aside a portion of the GF fund balance (carryover) for an identified purpose. It is not a financing source in the County's annual budget. This policy directs the creation of a contingency appropriation in the County's annual budget and equals the amount which is set aside each year to be appropriated for that year's unforeseen expenditure requirements.

#### 2. Compliance with Applicable Government Code Sections

The County shall adhere to the County Budget Act (Act) which is referenced in GC 29000 through GC 29144, and is also included in Appendix B of the County Budget Guide (2010 Edition, Revision #1) issued by the California State Controller's Office. This policy is to be consistent with all provisions of the Act affecting appropriations for contingencies which are restated in this section. This section is provided as a summary only and not meant to be a full recitation of the County Budget Act or laws governing county budgets.

GC 29006: The adopted budget shall include, at a minimum, estimated or actual amounts by fund for ... (d) appropriations for contingencies.

GC 29084: The budget may contain an appropriation(s) for contingencies in such amounts as the BOS deems sufficient.

GC 29125: Transfers and revisions to appropriation for contingencies is made by formal action of the BOS, by a four-fifths vote.

GC 29126: For any appropriation in whole or in part that is not needed, the Board of Supervisors may cancel the unneeded appropriation and transfer the amount to appropriation for contingencies.

### 3. Establishing the Contingency Appropriation

Subject to BOS approval, the County will establish a GF contingency appropriation with each budget cycle using the guidelines provided in this section.

The amount of the GF contingency appropriation is targeted at a minimum of 1% but no more than 10% of budgeted GF expenditures (not including this GF contingency appropriation).

The GF contingency appropriation will be established and/or adjusted with each budget cycle, will be included as a separate department of the GF budget, and the balance left in the contingency appropriation at the end of each fiscal year will terminate and lapse as a contribution to GF carryover fund balance.

The GF contingency appropriation cannot be more than the following for each budget year:

Total GF funding sources  
Less all other GF appropriations  
Plus amounts available from GF unassigned fund balance.

In times of declining revenues and/or budget deficits, the BOS may temporarily eliminate or reduce the GF contingency appropriation until the fiscal crisis is resolved.

The amount of the contingency appropriation may be adjusted by 4/5ths vote of the BOS at any time during the fiscal year after the adoption of the County's final budget.

### 4. Use of the Contingency Appropriation

Only GF departments may request use of the contingency appropriation.  
The department initiates a request for use of the contingency appropriation in either of two ways:

- By submitting an individual agenda item through the County's agenda software program which must be reviewed by the CAO, County Counsel, and the Finance Department prior to being placed on the Board's agenda. The agenda transmittal must include a statement by the department justifying the use of the contingency appropriation consistent with this policy.
- By requesting the use of the contingency appropriation, as instructed, during the mid-year (or other intra-period) budget review process. The Department must document their justification for the use of the contingency appropriation consistent with this policy.

Transfer from the contingency appropriation must be approved by the BOS with a 4/5ths vote prior to recording the requested transfer.

Use of the contingency appropriation is allowed for the following reasons and circumstances:

- Unforeseen expenditures that could not have been anticipated at the time the annual budget was adopted.
- When the department is impacted by legislative changes not known at the time of budget development and which has a negative impact on the department's expenditures (ie..increases expenditures).
- Increases in expenditures necessary to maintain current service levels.
- Economic events that increase vendor costs such as utility rate increases or an increase in a vendor's rates.
- Unanticipated operational changes.

Use of contingency should not be used to fund new expenditures of an on-going nature.

Prior to requesting use of the contingency appropriation, the department must have:

- No unanticipated revenue that has not been appropriated.
- No other appropriations within its own budget which can be reallocated to cover the budget shortfall.
- No other appropriation available in another fund that it controls that can be legally applied to cover the budget shortfall.

## **V. FUND BALANCES**

Government Accounting Standards Board (GASB) Statement Number 54 requires the County to segregate fund balances into five basic categories. These categories are:

1. *Nonspendable fund balance* (such as inventories or prepaid expenditures) is used for amounts that are not in spendable form to segregate them in fund balance so that it cannot be appropriated.
2. *Restricted fund balance* (such as creditors, grant providers or contributors) is used for amounts restricted to specific purposes by external parties.
3. *Committed fund balance* (to cover commitments the Board of Supervisors has made) is used for amounts determined by formal action (i.e., resolution) of the Board of Supervisors to be used for a specific purpose.
4. *Assigned fund balance* (such as covering deficit fund balances) is used for amounts intended to for a specific purpose and can be established by the Board or the CAO.
5. *Unassigned fund balance* (everything not included in the other types of fund balance).

Restricted, committed, assigned, and unassigned fund balance amounts together constitute spendable fund balance and these amounts are available for appropriation and use in balancing next year's budget.

The Finance Director is responsible for segregating each fund balance by category and amount and informing the CAO and the Board of Supervisors of the amount of spendable fund balance available for use in balancing the budget for the upcoming year.

## **VI. STRATEGIC PLANNING**

The County uses a strategic planning process for setting priorities and making budgetary decisions. This allows development, initiation, and funding of new or revised programs over a five-year period, in sync with a comprehensive planning process that establishes the Board's priorities for satisfying long-term community needs. All new or revised services are evaluated within the framework of the five-year strategic plan. The strategic plan is updated every year to span a five-year period.

## **VII. FISCAL MANAGEMENT**

Mono County uses fiscal management principles to ensure resiliency by:

1. Maintaining a conservative budgeting approach. This means to limit budget deficits whenever possible. Concerning revenues, it requires forecasting that is not overly optimistically but instead relies on accepted analytical methodologies such as historical trends and economic indicators as the basis for estimating revenues. Concerning expenditures, it requires limiting spending amounts based on work plans to continue delivery of existing public services.

2. Annually consider reduction of long-term debt and unfunded liabilities.
3. Establish an equitable basis for allocating internal costs to all service users.
4. Review fees periodically. Fees should be calculated to include all actual costs of providing the service, including overhead. Only the Board of Supervisors can decide to set a fee at less than its cost to provide the service. Adjust and establish new fees as needed.
5. Incorporate long-term financial planning into the budget cycle to guide financial decision-making.

Budget adjustments are allowed throughout the fiscal year. Interdepartmental budget adjustment requests of net-0-changes are allowed throughout the year with appropriate approvals (see “Appropriation Transfer Request” form).

Budget adjustments requiring Board of Supervisors approval include:

- a.) Transfers and revisions to the adopted appropriations:
  - i. If between funds, by four fifths vote.
  - ii. If transfers from appropriation for contingencies, by four fifths vote.
  - iii. If between budget units within a fund if overall appropriations are not increased, by a majority vote
  - iv.
- b.) The board may designate the administrative officer or auditor to approve transfers and revisions of appropriations within a budget unit if overall appropriations of the budget unit are not increased

## **VIII. INFRASTRUCTURE AND FACILITIES**

Consider contributions from the general fund, grants and state/federal allocations, annually or whenever available, for the improvement of county infrastructure and facilities. Incorporate plans to improve infrastructure and facilities into long-term plans and prioritize setting aside funds to pay for these projects (but also see the County Debt Policy about borrowing to pay for large projects). Work with regional partners to reduce County costs for maintaining and improving the County infrastructure and facilities which is shared with other jurisdictions.

Plan for new facilities only if operating and maintenance costs for those facilities are fully recognized and accounted for in multi-year financial plans. Provide adequate routine maintenance each year to avoid the higher cost of deferred maintenance.

## **VIII. NEW SERVICES**

Add new services only after identifying a need (see section on strategic planning) and only when adequate resources for staffing and on-going operational funding are available in multi-year financial plans.

## **IX. GUIDELINES FOR OPERATIONAL EFFICIENCIES**

1. Provide County services in the most cost effective and operationally efficient manner.
2. When program funding is cut or eliminated, reduce, or eliminate the program accordingly, unless otherwise mandated.
3. Provide staffing levels that consider multi-year needs, reasonable workload per employee, and minimize the possibility of layoffs or furloughs resulting from inadequate revenues.
4. For special projects or certain expertise in the short-term, utilize temporary employees (not to exceed 1,000 hours) and consultants.
5. Utilize community expertise on a voluntary basis, as appropriate.
6. Ensure that fee-supported services are staffed appropriately to render the services for which customers have paid. Minimize the use of subsidies to support continuation of such services.
7. Work through partnerships, JPA's, and regional relationships to share costs for local programs whenever possible.

## **X. EMPLOYEE DEVELOPMENT**

Attract and retain competent employees for the County work force by compensating employees fairly (consistent with smaller rural counties), provide adequate training opportunities, ensure safe working conditions, and maintain a professional work environment. For additional policy direction, see the Compensation Philosophy Statement Adopted by the Board of Supervisors.

## **XI. ECONOMIC DEVELOPMENT**

Achieve organized, sustainable community development for the communities and citizens of Mono County through the budget process by providing an expanded and diversified economic base while preserving our scenic beauty, open space, small town charm and historical assets.

## **XII. BUDGET DEVELOPMENT**

- A. The County will develop an operating budget with constraints. The budget team estimates resources available, costs out workforce as well as non-discretionary spending. An operating budget with the above fixed costs incorporates the following elements:
  - 1. The same staffing levels and the same allocated classifications as prior year's adopted budget.
  - 2. A-87 charges for applicable departments.
  - 3. Debt Service (Civic Center, Pension Obligation Bond EMS and Jail)
  - 4. General Liability and Workmen's Comp Insurance
  - 5. Internal Service Rates (Motor Pool program, Technology Refresh, Copier pool program) The County will allow for departments to propose budgets to the CAO's office for review.
- B. The CAO will propose a Recommended Budget to the Board of Supervisors to consider both resources and priorities based on the Strategic Plan and make recommended adjustments for the Final budget for adoption.
- C. The role of department heads is to develop a fiscally responsible department budget with consideration of the priorities coming out of the Strategic Plan and consistent with past spending patterns and known revenue sources.
- D. The role of the CAO, as the County's chief budget officer, is to recommend a budget to the Board of Supervisors.
- E. The Board will consider the budget during a workshop and provide direction to CAO and staff for changes for the Final Budget.
- F. The general budget development timeline includes:
  - 1. Establish budget calendar – January
  - 2. Develop fixed costs of budget, estimate discretionary revenues, and cost internal services and workforce amounts – February
  - 3. Strategic planning and integration of the capital improvement plan – February
  - 4. Mid-Year Budget review and Budget adjustments - February

5. Any proposed allocation list changes are submitted for consideration and moratorium is placed on requesting staff changes
6. Third quarter evaluation of Budget to Actuals takes place in April
7. Departments submit their proposed budgets and meet one-on-one with the budget development team – April/May
8. Budget workshop with Board to development of the recommended budget – May
9. Public hearing and budget adoption – by June 30

**APPENDIX III.**

**BUDGET GLOSSERY**

# Budget Glossary

**Adopted Budget:** The budget document formally approved by the Board of Supervisors after the required public hearings and deliberations on the Recommended Budget.

**Appropriation:** An authorization by the Board of Supervisors from a specific fund to a specific agency or program to make expenditures or incur obligations for a specified purpose and period. The budget contains many items of appropriation. These appropriations are limited to one year unless otherwise specified.

**Budget Unit:** Similar to sub-accounts within budgets; created for tracking expenditures or revenues which must be accounted for separately.

**Capital Expenditures:** Expenditures incurred for the improvement to or acquisition of land, facilities, and infrastructure.

**Capital Improvement Plan (CIP):** A mid-range plan, usually four to ten years, which identifies capital projects and equipment purchases, provides a planning schedule, and identifies options for financing the plan.

**Contingencies:** A budgetary provision representing that portion of the set aside to meet unforeseen expenditure requirements or to offset revenue shortfalls during the fiscal year. Contingencies may be budgeted for specific funds or groups of funds.

**Debt Service:** Annual principal and interest payments that local government owes on borrowed money.

**Enterprise Fund:** A fund established to account for operations that are financed and operated in a manner similar to private business enterprises (e.g., water, gas, and electric utilities; airports; parking garages; or transit systems). The governing body intends that the costs of providing goods and services to the public on a continuing basis be financed or recovered primarily through user charges.

**Expenditures:** Actual spending of funds authorized by an appropriation.

**Fee for Services:** Fees charged for certain services provided to citizens and other public agencies. Examples of these fees include planning and public works services such as sale of plans and specifications and blueprints, and plan or map check fees; park facilities usage including camping, parking and picnic area usage; document recording services, certified copies of vital statistics; animal services such as vaccination and im- pound fees.

**Final Budget:** The Adopted Budget adjusted by all revisions throughout the fiscal year as of June 30.

**Fiscal Year (FY):** A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. The County of Mono's fiscal year is July 1 through June 30.

**Full Time Equivalent (FTE):** In concept, one person working full-time for one year. A normal fiscal year equals 2,080 staff hours. Two workers, each working half that number of hours, together equal one staff year. County salaries and benefits costs are based on the total number of FTEs approved in each budget unit.

**Fund:** A fiscal and accounting entity in which cash and other financial resources, all related liabilities, and equities or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions, or limitations. Funds may contain one or more budget units.

**Fund Balance:** The amount of dollar resources remaining in a fund at year's end. Usually this is the difference between total expenditures and total resources of a fund.

**Fund Balance Types:**

- Non-spendable Fund Balance:** Amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.
- Restricted Fund Balance:** When constraints placed on the use of the resources are either (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.
- Committed Fund Balance:** Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Supervisors. These committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit these amounts.
- Assigned Fund Balance:** Amounts that are constrained by the Board's intent to use the funds for specific purposes but are neither restricted nor committed.
- Unassigned Fund Balance:** The residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

**General Fund:** The County's primary operating fund, which is used to account for all financial resources, except those required to be accounted for in another fund.

**Generally Accepted Accounting Principles (GAAP):**

The uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statement of an entity.

**General Purpose Revenue:** Revenue derived from sources not specific to any program or service delivery that may be used for any purpose that is a legal expenditure of County funds. Examples of General-Purpose Revenue include property taxes, sales taxes, transient occupancy taxes, court fines, real property transfer tax and miscellaneous other sources. There are no restrictions as to the use of these monies - often referred to as discretionary revenue.

**General Reserve:** A reserve established to address unforeseen catastrophic situations. The general reserve can only be established or adjusted during the annual budget adoption process and is not available except during a legally declared emergency. Generally accepted accounting principles (GAAP) and Mono County policy provide that a local government should maintain a general reserve between 5% and 15% of expenditures.

**Goal:** A long-term organizational target or direction of development. It states what the organization wants to accomplish or become over the next several years. (Bryson)

**Government Finance Officers Association (GFOA):**

An organization comprised of government accounting and finance professionals throughout the United States and Canada, whose goals include but are not limited to improving financial management practices and encouraging excellence in financial reporting and budgeting by state and local governments.

**Internal Service Fund (ISF):** A proprietary type fund

used to account for the financing of goods or services provided by one department to other departments of the

County, or to other governmental units, on a full cost reimbursement basis, including replacement of capital.

**Maintenance of Effort (MOE):** Occasionally required by state law or by an initiative, it requires the county to maintain a designated base level of spending, usually in order to receive additional revenues.

**Mandate:** A requirement from the State or federal government that the County perform a task, perform a task in a particular way or perform a task to meet a particular standard.

**Mission:** What the County is striving to do over a continuous period; its organizational purpose.

**Net County Cost:** Budgeted appropriations less estimate of revenue anticipated. The amount of General Fund dollars needed to balance the proposed budget.

**Objective:** A measurable target that must be met on the way to attaining a goal. A statement of anticipated accomplishment, usually measurable and time bound.

**Operating Transfers:** Operating transfers result when one fund provides a service on behalf of another fund or when one fund transfers revenues to fund expenditures in another fund. The providing fund budgets the amount required by the other fund in the "Operating Transfer Out" expenditure account. The receiving fund budgets the amount in one of the "Operating Transfer In" revenue accounts.

**Realignment Funds:** These funds come from vehicle license fees and sales tax revenue collected by the state and allocated to counties. The funds are a "backfill" of the loss of state General Fund support or a shift of program responsibility from the state to the county for health, social services, and youth corrections.

**Recommended Budget:** The budget document developed by the CAO and county departments and formally approved by the Board of Supervisors to serve as the basis for public hearings and deliberations prior to the de-termination of the adopted budget.

**Requested Budget:** The budget as submitted and requested by the division, department, or district.

**Reserves:** A portion of fund equity that is set aside and not appropriated or spent, or that is legally or contractually restricted for a specific future.

**Revenues:** Amounts received from taxes, fees, permits, licenses, interest earnings and intergovernmental sources.

**Special Revenue Fund:** A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. Usually eligible expenses are very specific and known to a reasonable degree of accuracy.

**Strategic Goal:** A long-term organizational target or direction of development. The established long range priorities that the organization strives to achieve.

**Unreserved/Undesignated Fund Balance:** The portion of fund balance that is available for financing the budget requirements for the current or future fiscal period. Also known as spendable fund balance.
