

SUPPLEMENTAL QUESTIONNAIRE

GIS Technician III / GIS Analyst

Please respond to the following questions as they relate to your own experience, training, and interest in this job position.

Responses must be submitted on no more than four, single-sided, single-spaced, typed pages. Any additional pages beyond four will not be reviewed.

The information provided on both the County Job Application and the Supplemental Questionnaire will be used to identify those candidates best meeting the County's needs. To be considered for the position, applicants must complete an official County Job Application, signed Supplemental Questionnaire, and questionnaire responses. Failure to do so may be cause for disqualification from the selection process. Resumes are not accepted in lieu of fully completing and submitting the County job application and responses to the supplemental questionnaire.

Questions:

1. Please list related degrees, training, and certifications you have obtained in the field of GIS. Attach copies to questionnaire response.
2. For each of the following bullets, provide an example of a significant task or project you've completed recently that demonstrates familiarity with the topic, or otherwise succinctly describe recent experience. Web links can be used to support your answers, if relevant or necessary.
 - Building spatial datasets with completely maintained attributes while ensuring data quality or consistency
 - Editing complex geometry
 - Producing high quality map documents with unique symbology for static maps, web maps, or web services
3. Please intelligibly answer the following questions as best as possible.
 - How does a legal description relate to managing parcels?
 - Produce an attribute query to select all addresses with a street name containing the word "Mammoth."
 - When would you use Collector for ArcGIS and when would you use Explorer for ArcGIS?
 - How could the Linear Referencing data model be applied for the type of work performed by a county government? Do you have any experience with LR?
4. For each of the following items, rate your skill level from 5 (experienced) to 1 (inexperienced), and beware that you may be tested in a practical exam if you are selected in the final pool of job applicants.
