- Coordinates and consults with other public and private mental health care providers and community organizations regarding program priorities, procedures and services.
- Develops and participates in developing policies, procedures and protocols; ensures program staff's awareness and compliance.
- Serves as a central resource for department staff, other County departments, other public and private agencies, and the public regarding specific program assignment.
- Conducts research and prepares correspondence, reports and other documentation as necessary and upon request.
- Assists in the development and implementation of department goals and objectives; establishes schedules and methods for assigned administrative functions.

Desired Qualifications

Knowledge of (Partial List):

- Behavioral Health programs, funding streams, and clinical service approaches
- Principles and practices of public behavioral health systems, and principles of organization, leadership, management and staffing.
- Principles of community outreach and engagement for the development of successful programming.
- Principles of marketing, branding, and outreach campaigns.
- Pertinent local, state and federal laws, guidelines and regulations.

- Available community resources and methods of linkage
- Maintenance of files and information retrieval systems.
- Basic office practices, procedures and equipment.

Ability & Willingness to (Partial List):

- Build and promote a behavioral health system that is culturally competent, strengths-based, recovery-oriented, and consumer driven.
- Assess clients' needs and collaborate with other service providers and agencies to help clients meet their treatment goals.
- Plan, organize, administer programs and activities funded through various funding streams.
- Analyze complex and sensitive administrative, budgetary, operational and organizational issues related to programs and activities, evaluate alternatives reaching sound conclusions.
- Maintain accurate records and files, including timely input of required data and notes.
- Develop, organize, coordinate and implement multiple projects and responsibilities, meeting established time requirements.
- Exercise sound independent judgment within established guidelines.
- Represent the County in a positive and effective manner with internal and external contacts.
- Establish and maintain effective working relationships with those contacted in the course of the work.
- Understand and implement all requirements related to HIPAA and 42 CFR.

Experience & Training:

Any combination of training and experience which would provide the required knowledge and abilities is qualifying. A typical way to obtain the required knowledge and abilities might be:

Two years of experience in the mental health and/or substance use fields, or experience in prevention programming, community outreach, and program implementation and coordination. College level courses in the health and human services fields, public administration, or other related fields are highly desirable.
