TOTAL IN-STATE, OUT-OF-COUNTY DISPOSAL (tons):			0.00						
TOTAL WASTE EXPORTED OUT OF STATE (tons):			125.05						

- ADC types include dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
Green material may be used as on-site beneficial reuse non-ADC/AIC.
- Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies AD or exports waste out-of-state.
- Do not include amounts disposed at facilities in other counties or regions within California.
- Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
- Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL IN-STATE, OUT-OF-COUNTY DISPOSAL (tons):			0.00				
TOTAL WASTE EXPORTED OUT OF STATE (tons):			297.91				

1. ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
2. Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies ADC a or exports waste out-of-state.
3. Do not include amounts disposed at facilities in other counties or regions within California.
4. Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
5. Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL WASTE EXPORTED OUT OF STATE (tons):			280.03				

1. ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
2. Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies A or exports waste out-of-state.
3. Do not include amounts disposed at facilities in other counties or regions within California.
4. Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
5. Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL IN-STATE, OUT-OF-COUNTY DISPOSAL (tons):			0.00				
TOTAL WASTE EXPORTED OUT OF STATE (tons):			287.51				

1. ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
2. Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies A or exports waste out-of-state.
3. Do not include amounts disposed at facilities in other counties or regions within California.
4. Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
5. Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL WASTE EXPORTED OUT OF STATE (tons):			259.12				

- ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
- Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies A or exports waste out-of-state.
- Do not include amounts disposed at facilities in other counties or regions within California.
- Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
- Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL IN-STATE, OUT-OF-COUNTY DISPOSAL (tons):			0.00				
TOTAL WASTE EXPORTED OUT OF STATE (tons):			295.79				

1. ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
2. Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies ADC at the facility or exports waste out-of-state.
3. Do not include amounts disposed at facilities in other counties or regions within California.
4. Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
5. Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL WASTE EXPORTED OUT OF STATE (tons):			255.85				

1. ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
2. Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies A or exports waste out-of-state.
3. Do not include amounts disposed at facilities in other counties or regions within California.
4. Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
5. Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL IN-STATE, OUT-OF-COUNTY DISPOSAL (tons):			0.00				
TOTAL WASTE EXPORTED OUT OF STATE (tons):			301.63				

1. ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
2. Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies A or exports waste out-of-state.
3. Do not include amounts disposed at facilities in other counties or regions within California.
4. Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
5. Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).

TOTAL IN-STATE, OUT-OF-COUNTY DISPOSAL (tons):			0.00				
TOTAL WASTE EXPORTED OUT OF STATE (tons):			256.67				

- ADC types include green waste, dried sludge, ash, auto shredder waste, contaminated sediment, compost, C&D, and tires.
- Counties shall provide information for each jurisdiction disposing waste at landfills or transformation facilities within their borders, supplies A or exports waste out-of-state.
- Do not include amounts disposed at facilities in other counties or regions within California.
- Waste from unincorporated areas must be assigned to an incorporated city or unincorporated county.
- Counties and regions shall complete this form and distribute it along with its Summary Disposal Allocation Form (CIWMB Form 69).
